

# We Offer \$1,000

## For a Disease Germ That Liquozone Can't Kill. A 50c. Bottle Free.

Don't you know that a germ disease must end when the germs are killed?

And that it cannot be cured until then? Then why use Medicine for

what medicine cannot do? Liquozone alone can kill germs. Will you

let us buy you a 50c. bottle to try?

On every bottle of Liquozone we publish an offer of \$1,000 for a disease germ that it cannot kill. We do that to convince you that Liquozone does kill germs.

Think what that means. Every modern physician knows that nearly all sickness—the little ills and the big ones—are caused by germ attacks. They know that those germs must be destroyed before the sickness can end. And they know that drugs never kill inside germs.

Those modern physicians are now using Liquozone. And millions who were sick—like you, perhaps—are well to-day because of it. The cured ones are everywhere; some are your neighbors, your friends. Won't you ask them about Liquozone?

Don't cling to the old ways blindly, when your health is at stake. There is a new way to cure sickness, by destroying the cause. And we will gladly pay the cost while you try it.

### What Liquozone Is

Liquozone is not a medicine. It is not made by compounding acids or drugs, nor is there any alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. Each cubic inch of Liquozone requires the use of 1,250 cubic inches of the gas.

Liquozone is the result of a process which, for more than 20 years, has been the constant subject of scientific and chemical research. The main result is to get into a liquid and thus into the blood, a powerful yet harmless germicide. Another result is to create a vitalizing tonic with which no other known product can compare.

### Acts Like Oxygen

The great value of Liquozone lies in the fact that it does what oxygen does. Oxygen is the vital part of air, the very source of vitality, the most essential element of life. It is the blood food, the nerve food, the scavenger of the blood. It is oxygen that turns the blue blood to red in the lungs; that eliminates the waste tissues and builds up the new.

Too little oxygen always causes lack of vitality. An excess of it gives strength to every function of nature.

Oxygen is also a germicide. The reason is that germs are vegetables; and an excess of oxygen—the very life of an animal—is deadly to vegetable matter. Liquozone acts like oxygen. But it does more than oxygen, because it is stable. It carries its virtues into the blood to go wherever the blood goes. It is a remarkable tonic—the best thing in the world for you.

The discoverer of Liquozone has solved the great problem of killing germs in the body without killing the tissues, too. And there is no other way. Any drug that kills germs is a poison, and it cannot be taken internally. Liquozone is the only way that any man knows to end the cause of any germ disease

### We Paid \$100,000

For the American rights of Liquozone, and the British Liquid Ozone Co. paid the same sum for the rights in Great Britain. That is the highest price ever paid for similar rights on any scientific discovery.

We tell you this fact because it best indicates the value of Liquozone. Claims are easily made, but men of our class don't pay a price like that save for a product of very great worth to humanity.

Before making this purchase we tested Liquozone for two years through physicians and hospitals in this country and other. We tried it in all kinds of germ diseases in thousands of most difficult cases obtainable. We saw it cure hundreds of sick ones with whom everything else had failed. And we saw many a patient brought back from the verge of the grave by it.

We proved to the satisfaction of the best physicians, that in germ troubles Liquozone did what nothing else could accomplish. We proved it to be of more value to sick humanity than all the drugs in the world combined. Then we staked our fortunes and our reputation on it.

Every member of this company uses Liquozone daily in his family to prevent sickness, and

millions of others are learning to do likewise. Liquozone is now employed by hospitals everywhere, and by the physicians of every nation.

### One Million Dollars

Have been spent by us to give Liquozone away. Our offer to buy the first bottle has been accepted by 1,800,000 people. And we have spent this vast sum to publish the offer and to fulfill it.

The result is that millions now use it. These people have told others, about it and the others told others. Your own neighborhood, wherever you are, is full of Liquozone users. And half the people you meet know some one whom Liquozone has cured. Ask a few what they think of it—ask them what it does. If they say it is wonderful—that it does all we claim—then let us buy YOU a 50c. bottle. Try it at our expense; see what it does for you. If you find it effective and needful, tell others about it, as we have told you.

### Germ Diseases

These are known as the germ disease; all due to germs, or the poisons which germs create. These are the diseases to which medicine does not apply, for drugs cannot kill inside germs.

All that medicines can do for these troubles is to act as a tonic, aiding nature to overcome the germs. But those results are indirect and uncertain. They depend on the patient's condition. When drugs were prescribed for these troubles nobody knew of germs. Now every good physician knows that they call for a germicide.

Liquozone alone can destroy the cause of these troubles. It goes wherever the blood goes. No germ can escape it, and we have found no disease germ that can withstand it. Diseases which have resisted medicine for years yield at once to Liquozone, and it cures diseases medicine never cures. In any stage of any disease in this list, the results are so certain that we will gladly send to any patient who asks it an absolute guarantee.

- Asthma
- Abscess—Anaemia
- Bronchitis
- Blood Poison
- Bright's Disease
- Bowel Troubles
- Coughs—Colds
- Consumption
- Colic—Croup
- constipation
- Catarrh—Cancer
- Dysentery—Diar-
- rhoea
- Dandruff—Dropsy
- Dyspepsia
- Eczema—Erysipelas
- Fever—Gall stones
- Hay Fever—Influenza
- Kidney Diseases
- La Grippe
- Liver Troubles
- Malaria—Neuralgia
- Many Heart Troubles
- Pneumonia
- Pleurisy—Quinsy
- Rheumatism
- Scrofula—Syphilis
- Skin Diseases
- Stomach Troubles
- Throat Troubles
- Tuberculosis
- Tumors—Ulcers
- Goitre—Gout.

All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisoned blood.

In nervous debility Liquozone acts as a vitalizer, accomplishing what no drug can do.

### First Bottle Free

If you need Liquozone, and have never used it, please send us the coupon below. We will then send you an order on a local druggist for a full-sized bottle—a 50c bottle—and will pay the druggist ourselves for it. This applies only to the first bottle, of course—to those who have never used it.

The acceptance of this offer places you under no obligations. We simply wish to convince you, to let the product itself show you what it can do. Then you can judge by results as to whether you wish to continue.

This offer should convince you that Liquozone does as we claim. We would certainly not buy a bottle and give it to you, if there was any doubt of results. You want these results; you want to be well and to keep well. Then be fair enough to yourself to accept our offer today. Let us show you, at our expense, what this wonderful product means to you.

Liquozone costs you 50c and \$1.
