Now Use Liquozone. Won't You Try It--Free?

Liquozone is now used almost th^e world over. Peoples half-the-world away from you are curing their ills by it. And so are people next door to you—your neighbors, your friends. Won't you ask some of them what Liquozone is doing? Then ask us for a bottle to try.

Liquozone is so new that few people realize how many millions are using it. One year ago it was almost unknown in America. Now nearly half the people you meet—wherever you are—know some one whom Liquozone has cured.

Don't you realize that a product which has spread like this must have remarkable merit? We have never asked a soul to buy Liquozone. We have published no testimonials, no evidence of cures. We have only asked the sick to let us buy the first bottle—to let the product itself show what it could do. Those sick ones told others, and the others told others. That is how it has spread.

Won't you do as those millions have done? If you are still using medicine for what medicine can not cure, won't you learn what others know about Liquozone? Won't you let us pay the cost of your test?

Not Medicine.

Liquozone is not a medicine. It is not made by compounding acids or drugs, nor is there any alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. Each cubic inch of Liquozone requires the use of 1,250 cubic inches of the gas.

Liquozone is the result of a process, which, for more than 20 years, has been the constant subject of scientific and chemical research. The main result is to get into a liquid, and thus into the blood, a powerful, yet harmless, germicide. Another result is to create a vitalizing tonic with which no other known product can compare.

Acts Like Oxygen.

The great value of Liquozone lies in the fact that it does what oxygen does. Oxygen is the vital part of air,

the very source of vitality, the most essential element of life. It is the blood food, the nerve food, the scavenger of the blood. It is oxygen that turns the blue blood to red in the lungs; that eliminates the waste tissue and builds up the new. Too little oxygen always causes lack of vitality. An excess of it gives strength to every function of Nature.

Oxygen is also a germicide. The reason is that germs are vegetables; and an excess of oxygen—the very life of an animal—is deadly to vegetal matter.

Liquozone acts like oxygen. But it does more than oxygen, because it is stable. It carries its virtues into the blood to go wherever the blood goes. It is a remarkable tonic—the best thing in the world for you. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it can not kill.

The discoverer of Liquozone has solved the great problem of killing germs in the body, without killing the tissues, too. And there is no other way. Any drug that kills germs is a poison, and it can not be taken internally. Liquozone is the only way that any man knows to end the cause of any germ disease.

We Paid \$100,000

For the American rights to Liquozone; and the British rights sold for a like sum. That is the highest price ever paid for similar rights on any scientific discovery.

Before making this purchase, we tested the product for two years, through physicians and hospitals, in this country and others. We employed it in all germ diseases; in thousands of the most difficult cases obtainable. We proved that in germ troubles it did what all the skill in

the world could not accomplish without it.

Now Liquozone is more widely employed than any medicine ever was. It is more widely prescribed by the better physicians. And no one can doubt that it is doing more for sick humanity than all the drugs in use combined.

Germ Diseases.

These are the known germ diseases; all due to germs, or the poisons which germs create. These are the diseases to which medicine does not apply, for drugs can not kill inside germs.

All that medicine can do for these troubles is to act as a tonic, aiding Nature to overcome the germs. But those results are indirect and uncertain. They depend on the patient's condition. When drugs were prescribed for these troubles, nobody knew of germs. Now every good physician knows that they call for a germicide.

Liquozone alone can destroy the cause of these troubles. It goes wherever the blood goes. No germ can escape it, and we have found no disease germ which can resist it. Diseases which have resisted medicine for years yield at once to Liquozone, and it cures diseases which medicine never cured. In any stage of any disease in this list, the results are so certain that we will gladly send to any patient who asks it an absolute guaranty.

50c Bottle Free.

If you need Liquozone, and have never used it, please send us the coupon below. We will then send you an order on a local druggist for a full-sized bottle—a 50c bottle—and will pay the druggist ourselves for it. This applies only to the first bottle, of course—to those who have never used it.

The acceptance of this offer places you under no obligations. We simply wish to convince you; to let the product itself show you what it can do. Then you can judge by results as to whether you wish to continue.

This offer itself should convince you that Liquozone does as we claim. We would certainly not buy a bottle and give it to you, if there was any doubt of results. You want these results; you want to be well and to keep well. Then be fair enough to yourself to accept our offer today. Let us show you, at our expense, what this wonderful product means to you.

Liquozone costs 50c and \$1.
