It Tells How All Eye Diseases Are Cured in Patient's Own Home Without Knife or Pain.

CATARACTS and all other eye diseases which cause blindness are caused by poor circulation of blood in the eye, the result, usually, of eye strain, some time in the near or maybe remote past.

The eye has been over taxed in some way at some time.

Did you ever consider the intricate mechanism of this delicate organ, with its numerous muscles, nerves and small arteries and veins?

If so, you must realize how easily its usefulness may become impaired. . .

You will also realize the folly of attempting to restore its usefulness by applying a knife to any of the delicate, intricate parts.

THINK of the pain, suffering, blindness, and even death that has been caused by the use of the knife on the eye.

I discovered several years ago a method of restoring the natural circulation of blood to the eyes, which is so simple that a child can apply it.

By this simple, mild and harmless treatment I have restored sight to thousands in all parts of the world.

When this treatment is applied it immediately removes all strain on the nerves and muscles of the eye, equalizing the circulation, thereby assisting nature in restoring the eye to its normal functions.

Acting along the same lines, my treatment cures Optic Nerve Paralysis, Granulated Lids, and all other eye diseases.

By its use the eyes are strengthened, brightened and beautified.

I WANT every one who has any form of eye trouble to have my book. A postal card will get it free of charge.

Cataracts Easily Cured.

Very fortunately for me a few months ago a friend sent me one of your books on Eye Diseases. I was suffering with Cataracts on both eyes. I could not read or sew and I expected to lose my sight entirely. I wrote to you and after taking treatment about three months I am cured. I can read and sew with ease. I can truly say that your treatment is certainly wonderful. I cannot speak too highly for what you have done for me.

Yours very truly,
Mrs. Emma J. Tozer,

Sight Restored in Two Months.

My eyes were so bad, everything I would look at was double and could not see to read, sew or write. Now I can see to do all of this with ease. For the last three years my eyes have been growing dark and painful with Cataract and Congestion, but now they are well and I cannot express myself highly enough in your favor. I am now EIGHTY-THREE YEARS OLD and my eyes are stronger, can bear more light than when I was younger. They were always weak and tender and I owe this change all to your Dissolvent Treatment.

Very sincerely yours,
Mrs. L. D. Simon,

Pterygium Cured in Two Months.

Dr. Oren Oneal:—When I started with your treatment for pterygium and granulated eyelids I could not see a person across the street. After two months I can see as well as ever. Two oculists told me the only cure for me was the knife. I am proud to say my eyes are well. I will gladly answer any letters.

Eyes Straightened Two Years Ago.

My eyes are straightened all right and I am very thankful to you for it. I never expected to be cured so perfectly as you did it.

The reason I waited so long to write is that I wanted to see if the eyes would go back to the old shape, but they did not, so I am well satisfied and give you my testimonial.

Yours truly,
Miss Emelia Anderson,

The Symptoms of Eye Diseases are not hard to discover when you look for them, but they are often passed unnoticed

Some of the most serious symptoms are as follows:

Dimness of vision.
See spots or specks dance before your eyes.
The atmosphere seems smoky and foggy.
Seeing better some days than others.
Seeing sideways better than straightforward.
Seeing better in the evening and early morning than at midday.

Seeing objects double or multiplied.

Seeing a halo or circle about a lamplight.

Pain in or about the eyes.

Constant or periodical headaches.

Drooping of the eyelids.

Watering when in the wind; itching.

Rubbing eyes to make things come clear.

If you have any of these symptoms your eyes need attention.

Do not be like thousands of others who have neglected to heed the warning until too late.

Dear Doctor Oneal:—I have been using your treatment for the last six months for Congestion of the Optic Nerve and Muscular weakness. My eyes were very bad; I began to be afraid that I should lose my sight but your course of treatment prevented that.

My eyes are well and I feel grateful to you and for your kindness.

If this letter will be the means of helping any one to obtain good eyes you are at liberty to use it.

Gratefully yours,

Cataracts Cured in Three Months.

Dear Doctor Oneal:—For months I have been groping about in semi-darkness, stumbling over everything in my pathway. I suffered untold agony from headaches until life became a burden. An oculist pronounced my trouble cataracts which would not be ready for removal for 12 months. Through the persuasion of wife and friends I concluded to try your treatment and I thank God I did. You have certainly done for me all you claimed. After the first week I began to feel better. My improvement went steadily on, and within three months I was cured.

Yours very truly,
H. W. Herbert,
Brinson, Ga., Sept. 29, 1904.

Retina Hemorrhage Cured in 3 Months.

Last December our daughter's eye became very seriously affected and in a few weeks she could not see at all. The specialist who examined her said it was paralysis of the optic nerve and hemorrhage of the retina. He said treatment would be useless as her case was incurable. We sent for your treatment and in two months she could see as well as ever. We will tell others what you can do.

Yours truly,
Mr. and Mrs. H. K. Miles,
Rockwell, Texas, Sept. 17, 1904.

Congested Optic Nerve And Granulated Eyelids Cured.

Dr. Oren Oneal:—Constant use of the eyes in my vocation of bookkeeping had so strained the optic nerve that I was suffering much pain; also, there was some trouble with granulated Eyelids. Both of these afflictions have been entirely eradicated, and the cure was obtained by your treatment - without absence from business or social duties. I am most certainly delighted with the treatment. Most truly yours, Fred Knight,
1 Agawam St., Worcester, Mass., Jan. 18, 1905.
