TOURIST CARS POPULAR.

The idea that an inferior class of people patronize the tourist sleepers is an error. On many trips only the best class of travelers are found. They are merely men and women of good sense who would rather travel to California in this manner and save a snug sum of money to be used elsewhere. It is beginning to be understood that it is by no means necessary for a traveler to spend a large sum of money in order to enjoy a trip to the Pacific Coast.

If you cross the continent in one of the tourist sleepers of the Union Pacific you will enjoy your trip and save considerable money. Inquire of E. B. Slosson, Gen'l Agent.

A dispatch to the Chicago Tribune, under date of Washington, May 17, says: "The United States will be called upon to refund \$7,000,000 to claimants under the recent decision of the supreme court in the cases of the United States against Peabody & Co., and against Warner, Barnes & Co. The claimants had paid duty on goods imported into the Philippines at the rates imposed by the president's order of July 12, 1898, and which were continued in force until July 1, 1902. The supreme court held that the president's order expired by its own terms when the war with Spain came to an end. Attorney General Moody today asked the supreme court for a rehearing of the two cases. In his brief, Solicitor General Hoyt argued that the exercise of the war power continued during the Filipino insurrection, and did not cease with the ratification of the treaty with Spain. The solicitor general maintains that the supreme court's inquiry was not exhaustive, and concludes: 'Without magnifying possible dangers, it is evident, I think, that while the opinion of the court strikes down only the tariff on merchandise from the United States, the legality of the entire structure of civil government after the ratification of the treaty is involved and may be denied hereafter relative to other features not now presented or foreseen, if the court adheres unqualifiedly to the logic of this opinion.'"
