

Good Work by Commoner Readers

It is not possible to print in one issue the names of all who co-operated to make "Commoner Day" a success, but these names will be printed as rapidly as space will permit.

Yearly subscriptions have been sent in as a result of the organized effort of "Commoner Day," and also by those who have taken advantage of the "lots of five" Special Offer, in number as follows: G. Investigate the Poultry Business

Write for a copy of my book which describes the profitable combinations of Egg, Broiler, and Roaster Farms.

It gives the prices paid for eggs and poultry week by week for the past three years. It tells how and when a hatch taken off each week in the year could be most profitably marketed. It shows how you can make \$2.00 on a large winter roaster. It tells what profits can be made with each of the popular breeds, and the costs of production.

I have helped thousands to make money with poultry. My Model Incubators and Brooders are used on the money-making farms. It is my business to teach those who use them to do so profitably. Whether your needs are small or large, I will furnish, without charge, estimates and plans for a complete equipment that will insure success without your spending a dollar uselessly.

Send for my complete literature.
