Grandfather's Cure for Constipation

GREAT medicine,—the Sawbuck. Two hours a day sawing wood will keep anyone's Bowels regular.

No need of pills, Cathartics, Castor Oil, nor "Physic," if you'll only work the Sawbuck regularly.

Exercise is Nature's Cure for Constipation and,—a Ten-Mile walk will do, if you haven't got a wood-pile.

But, if you will take your Exercise in an Easy Chair, there's only one way to do that, because,—there's only one kind of Artificial Exercise for the Bowels and its name is "CASCARETS."

Cascarets are the only means to exercise the Bowel Muscles without work.

They don't Purge, Grip, nor "upset your Stomach," because they don't act like "Physics."

They don't flush out your Bowels and Intestines with a costly waste of Digestive Juice, as Salts, Castor Oil, Calomel, Jalap, or Aperient Waters always do.

No—Cascarets strengthen and stimulate the Bowel Muscles, that line the Food passages and that tighten up when food touches them, thus driving the food to its finish.

A Cascaret acts on your Bowel Muscles as if you had just sawed a cord of wood, or walked ten miles.

That's why Cascarets are safe to take continuously in health or out of health.

Because they move the Food Naturally, digesting it without waste of tomorrow's Gastric Juice.

The thin, flat, Ten-Cent Box is made to fit your Vest pocket, or "My Lady's" Purse. Druggists—10 Cents a Box.

Carry it constantly with you and take a Cascaret whenever you suspect you need one.

Be very careful to get the genuine made only by the Sterling Remedy Company, and never sold in bulk. Every tablet stamped "CCC."

today struck at the \$27,000 salary of Governor Magoon of the Panama canal zone, through an amendment to the diplomatic and consular bill presented by Mr. Flood, of Virginia, and adopted. The amendment provides that no minister or ambassador shall draw any salary from the appropriation in the bill if he receives other government salary. Governor Magoon draws \$10,000 as governor of the canal zone, \$10,000 as minister to Panama, and \$7,000 as a member of the Isthmian canal commission. The amendment will strike \$10,000 from his salary."

A dispatch to the Milwaukee Sentinel under date of Madison, Wis., May 7, follows: "After working hard all day Sheriff Halbach believes that he has a clew to the persons who set fire to a large barn and several out-

buildings on Senator LaFollette's farm on the north shore of Lake Mendota at an early hour this morning. Arrests are expected to be made tomorrow. The farm has not been occupied since Samuel H. Marshall, from whom the senator purchased it, moved away several months ago. The barn was filled with hay and valuable farm implements. The loss is estimated at \$2,000 with little insurance."

FATE

San Francisco may recall today the lines from Bret Harte's poem on "Fate:"

"The ship sailed safely over the sea,
The hunters came back from the hill
in glee;
But the town that was founded upon
the rock
Was swallowed up in the earthquake
shock."

these proposed amendments, trying to find out for which one there could be obtained a sufficient body of assent to secure its passage, and the passage of the rate bill.

"To almost every amendment proposed by anyone I found that there were other excellent men who objected or who at least wished to change it, and I finally became convinced that it was impossible for senators with advantage to use me as the intermediary in coming to an agreement with their colleagues, especially when they only communicated with me through another intermediary, and I earnestly suggested to all to whom I spoke that they should communi-

cate with you, whose purposes and mine were identical.

"About this time I was informed by various democratic senators that they could not come to an agreement on any amendment and that the best chance for success lay in passing the Hepburn bill substantially unchanged. I was informed and believe that this was Senator Bailey's view, and a number of the republican senators who favored the bill expressed the same opinion.

"Shortly after this you, in company with Senator Cullom, called upon me with the amendment which is now commonly known as the Allison amendment. I told you that while I should prefer the Long and Overman
