He is the best friend they have and they ought to realize it. The railroads had better stand with him. The royal proclamation appeals for the patriotic co-operation of the people to secure the re-establishment of tranquillity and announces that the sovereign has agreed to the immediate suppression of some of the heavy taxes, while hereafter the farm lands will be cultivated by the state or leased direct to the peasants. None of the larger syndicates hitherto engaged in farming vast tracts of land will be allowed to hold more than 8,000 acres. The document also gives notice of the introduction of laws to ameliorate the condition of the peasantry, facilitating the raising of money to pay rents, reforming the taxation of small holdings and revising the terms of the agricultural agreements, which at present practically enslave the peasantry."

It has already passed the senate and will become a law upon the governor affixing his signature. The new law establishes the state reformatory at Anamosa, at which location one of the penitentiaries is at present located. The Fort Madison prison is designated as the state prison, where that class of prisoners, including those convicted of murder in the first degree, rape, etc., consequently not under the provision of the indeterminate sentence law, will be confined. Representative Saunders of Pottawattamie county, who is the father of the bill, was a member of a commission appointed by the last legislature to investigate prisons of the country with a view of determining what way is best for the state of Iowa. The new law is the result."

Grandfather's Cure for Constipation

GREAT medicine,—the Sawbuck. Two hours a day sawing wood will keep anyone's Bowels regular.

No need of pills, Cathartics, Castor Oil, nor "Physic," if you'll only work the Sawbuck regularly.

* * *
Exercise is Nature's Cure for Constipation and, —a Ten-Mile walk will do, if you haven't got a wood-pile.

But, if you will take your Exercise in an Easy Chair, there's only one way to do that, because,—there's only one kind of Artificial Exercise for the Bowels and its name is "CASCARETS."

Cascarets are the only means to exercise the Bowel Muscles without work.

* * *
They don't Purge, Grip, nor "upset your Stomach," because they don't act like "Physics."

They don't flush out your Bowels and Intestines with a costly waste of Digestive Juice, as Salts, Castor Oil, Calomel, Jalap, or Aperient Waters always do.

No—Cascarets strengthen and stimulate the Bowel Muscles, that line the Food passages and that tighten up when food touches them, thus driving the food to its finish.

A Cascaret acts on your Bowel Muscles as if you had just sawed a cord of wood, or walked ten miles.

That's why Cascarets are safe to take continuously in health or out of health.

Because they move the Food Naturally, digesting it without waste of tomorrow's Gastric Juice.

* * *
The thin, flat, Ten-Cent Box is made to fit your Vest pocket, or "My Lady's" Purse. Druggists—10 Cents a Box.

Carry it constantly with you and take a Cascaret whenever you suspect you need one.

Be very careful to get the genuine made only by the Sterling Remedy Company, and never sold in bulk. Every tablet stamped "CCC." 738
