

A Bryan democratic club organized at Huntsville, Ala., elected the following officers: A. D. Kirby, president; Col. W. W. Garth, R. C. Brickell, W. L. Clay, John P. King, Jas. H. Ballentine, John M. Hampton, W. L. Clay and David A. Gray-

Eat Charcoal

Bad Breath, Gas on Stomach, and Blood Impurities Stopped by Wonderful Action of Charcoal Lozenges

Trial Package Sent Free to Prove It

To blow a whiff of your bad breath in the face of a stranger or a friend, is a mighty disagreeable thing—to both of you. It humiliates you, and disgusts the one who is standing before you or talking with you face to face.

Onion-eaters, smokers, garlic-users, owners of bilious breath and furry tongues, victims of indigestion and those who are not teetotalers will be surprised how quickly they can get rid of their offensive breath by taking just a few of Stuart's Charcoal Lozenges.

Charcoal is the greatest gas absorber known, absorbing 100 times its own volume in gas.

Gas on the stomach comes from indigestion as a rule. But no matter which it comes from, if there is any there, charcoal in the form of Stuart's Charcoal Lozenges will absorb every bit of it. And besides that these charcoal wonder-workers will absorb any unnatural odors which you may have in your mouth, or in your stomach, and instead of having a "powerful" breath which you are ashamed of, you will have a pure, sweet breath, free from all odor.

That foul, bilious breath you have on arising in the morning can be stopped at once by Stuart's Charcoal Lozenges.

Don't use breath perfumes. They never conceal the odor, and never absorb the gas that causes the odor. Besides, the very fact of using them reveals the reason for their use. Stuart's Charcoal Lozenges in the first place stop for good all sour brash and belching of gas, and make your breath pure, fresh and sweet, just after you have drunk or eaten. Charcoal is a purifier as well as an absorber. It leaves the stomach and intestines pure and unpolluted by fermenting food, which causes more than half the ills of mankind.

Charcoal is now by far the best, most easy and mild laxative known. A whole boxful will do no harm; in fact the more you take the better. Stuart's Charcoal Lozenges are made of pure willow charcoal, and mixed with just a faint flavor of honey to make them palatable for you, but not too sweet. You just chew them like candy. They are absolutely harmless.

Get a new, pure, sweet breath, freshen your stomach for your next meal, and keep the intestines in good working order. You can get all the charcoal necessary to do these wonderful but simple things by getting Stuart's Charcoal Lozenges. We want you to test these little wonder-workers yourself before you buy them. So send us your full name and address for a free sample of Stuart's Charcoal Lozenges. Then after you have tried the sample, and been convinced, go to your druggist and get a 25c box of them. You'll feel better all over, more comfortable, and "cleaner" inside.

Send us your name and address today and we will at once send you by mail a sample package, free. Address F. A. Stuart Co., 200 Stuart Bldg., Marshall, Mich.

son, vice presidents; W. Frank Esslinger, secretary.

Referring to this organization the Huntsville Mercury says: "The club has a working organization and it is stated that there are over six hundred signers in Madison county to the membership rolls, which have been circulated here by the active Bryan democrats during the last few days. Colonel John W. Tomlinson delivered an address in the county court house previous to the organization of the club. He was heard by a large crowd. He was introduced by A. D. Kirby who said that Mr. Tomlinson was one of the staunchest democrats in the state, and a close personal friend of Mr. Bryan and that no better man could be found for delegate at large to the national democratic convention at Denver. He said the democrats with Bryan as their leader would win in the approaching national campaign, the prospects for democratic success being brighter now than for many years past. He ascribed several reasons for this, namely, the money panic and the resulting hard times, the fact that the use of the big corporation corruption fund of the republican party has been outlawed by public opinion and because the democrats of the nation are standing closer together and are organizing to make a hard fight. The party is not divided in this campaign, he said, as it has been in preceding campaigns and the visit of Mr. Bryan in the east and north and his enthusiastic reception by the democrats of those sections was cited as an illustration to prove this. He said it was a plan of Bryan's to have a democratic campaign committee organized in every voting precinct in the United States. Colonel Tomlinson said that if left alone, the sentiment of the country is democratic. However, the use of corruption funds and the open purchase of votes has given the victory to the republicans for several years past. Senator Morgan wrote a few months before his death that if the democrats do not win in the approaching election the special interests will become so entrenched that democratic success in the future will be impossible. 'No matter how splendid be our leadership,' Colonel Tomlinson concluded, 'we may lose unless we organize for the fight. We want working democratic clubs everywhere. The moral effect of organizations in every precinct will be a great point with the doubtful voters and will bring them to us. It is the wish of Mr. Bryan to increase the popular vote for the democratic candidates as well as secure a majority of the electoral vote.' President Kirby accepted the honor tendered him and stated he would give as much time as necessary in prosecuting the work of the club. Colonel Tomlinson left yesterday afternoon for Scottsboro to organize a club in that town. He has visited several other counties in the Eighth district and has organized Bryan clubs in the following cities: Florence, Sheffield, Moulton, Courtland and Decatur. Committees were appointed for the various precincts in the county who will begin actively at work to enroll all democratic voters as members of the club."

At St. Joseph, Mo., the democracy of Buchanan county organized a Bryan club one thousand strong.

Democrats of the Third ward at Pekin, Ill., have organized a Third Ward Bryan club with the following officers: President, Henry Rust; secretary, John H. Ottman.

A Bryan club with a large membership has been organized at Johnson City, Tenn. and at once begins an active campaign for the furtherance of democratic principles and policies. H. H. Dyer is president and James O. Lewis is secretary.

The Bryan club at Laramie, Wyo.,

has taken steps to increase the circulation of The Commoner and the Laramie Boomerang in the country tributary to Laramie. "We hope," says W. H. Holliday, "to increase the

circulation of each three hundred or four hundred in this section." The club starts off this good work by sending in a list of ten new subscribers.

A Kalamazoo Direct to You

We have more than 100,000 satisfied customers in more than 17,000 cities, villages and towns in the United States who have each saved from \$5 to \$40 by buying a Kalamazoo stove or range on

IDAHO CAREY ACT LANDS

70,000 Acres of choice fruit and farm land still open for entry under THE TWIN FALLS NORTH SIDE CANAL.

THE TWIN FALLS CANAL SYSTEM is the largest irrigation project in the United States, embracing a total of 420,000 acres; 240,000 acres under cultivation; 110,000 acres filed on during 1907, and 70,000 acres under the North Side Canal still open for entry.

LAND INVESTMENTS ARE THE SAFEST BANK ON EARTH.

These lands are located in the famed Snake River Valley in Southern Idaho, in the midst of its noted FRUIT BELT.

CLIMATE, pure, rarified and dry; winters mild, short and little snow; abundant sunshine the year around.

SOIL is a rich volcanic ash and sandy loam, with a warm south slope and the most productive and fruitful upon which the sunlight falls.

TOWNS on the North Side are Milner, Jerome and Wendell, each of which offers inducements for the home-builder, investor and business man.

ELECTRIC POWER—A magnificent power plant costing over \$100,000 is now in operation at Shoshone Falls. More than 100,000 horse power is available in Snake river adjoining this tract.

WATER RIGHT is from Snake River, the seventh largest river in the United States.

FREE TEAMS are furnished by the company from either the Milner or Jerome office to show homeseekers the lands. Drivers who are familiar with the lands accompany every team.

TERMS—Perpetual water right, \$35 per acre, and the land 50c per acre; first payment on water right and land at time of filing, \$3.25 per acre; balance in ten annual payments. Short residence only required.

HOMES—If you want a home, a business, an irrigated farm, a sure investment, sunshine and health; if you want to make money, come to the Twin Falls North Side Lands where you will find rich soil, fine climate, abundance of water, good wells, electric power, electric railroads under construction, good neighbors and everything to make a happy and prosperous commonwealth.
