NEBRASKA DEMOCRATIC PLATFORM

The democrats of Nebraska met in state convention at Lincoln, July 27. George L. Loomis of Fremont presided. The officers to be elected in Nebraska this year are three justices of the supreme court and three regents of the State University. The candidates for these offices are to be nominated at the primary election. The state convention was held for the purpose of adopting a platform and electing committees. The following platform was adopted:

We, the democrats of Nebraska, in state convention assembled, reaffirm our faith in, and pledge our loyalty to, the principles of our party as set forth in the platform adopted by the democratic convention of 1908.

We denounce the republican tariff bill as a shameless consummation of the fraud deliberately planned by the republican leaders when they promised revision instead of reduction; and we call attention to the fact that it confesses the truth of all that the democrats have charged as to the iniquities of the high tariff system.

We call special attention to the fact that one plank contained in both the democratic state and national platforms for 1908, namely, the plank demanding a constitutional amendment specifically indorsing the income tax, has since been accepted by a republican president, senate and house of representatives, and that such amendment has been submitted to the states for ratification.

We pledge the democratic party in Nebraska to assist in securing ratification of that amendment and to that end we ask Governor Shallenberger to call a special session of the legislature at an early day, that Nebraska, a pioneer in the advocacy of an income tax, may have the honor of being the first state to ratify the amendment.

We particularly indorse the proposition that the United States senators be elected by popular vote.

Present day conditions in the senate emphasize the importance of this reform.

Believing that the people have a right to have what they want in government, we favor the submission at the next session of the legislature of a constitutional amendment providing for the initiative and referendum.

Reasserting our purpose to give the people of the state of Nebraska a guaranty of bank deposits law we call attention to the fact that the suspension of that law by the federal court emphasizes the position taken by the democratic party of Nebraska in its 1908 platform, when it favored the enactment of such laws as may be necessary to compel corporations to submit their legal disputes to the courts of the states in which they do business before taking an appeal to the United States courts.

We indorse the successful business administration of a democratic governor and commend the governor and a democratic legislature for the enactment of specific democratic platform pledges into law.

The democrats of Nebraska, however, direct the attention of all good citizens to the fact that the state election to be held this fall is for the purpose of choosing three judges of the supreme court and three regents of the university. No other offices are involved.

The democratic party, through its legislature and governor, sought to lift these positions of great trust and dignity out of the embroilment of partisan politics, to take them out of the hands of professional politicians, to raise them above the reach of the interests such politicians serve, and place them permanently and securely on a non-partisan basis.

But the republican party held otherwise.

Through its leaders and its press it assailed the non-partisan judiciary law.

Through its state organization it arranged surreptitiously a palpably insincere but successful attack upon it.

We submit that this presents an

Subscribers' Advertising Dept.

A great many of our subscribers have been quick to realize the handsome profit they can make by advertising in our Little Advertisement Department. We started this department for our subscribers, so they could advertise at the very low price of 6 cents per word, their farms, homes, lands, surplus live stock, poultry, eggs, bees, birds, pet stock, seeds, plants, nursery stock, produce, implements they had outgrown but which were still useful, etc. It didn't take our big army of subscribers long to find out that it pays to advertise in The Commoner's Subscribers Advertising Department. The rate of six cents per word is relatively much smaller than the cent a word rate charged by papers of 1,000 circulation. The Commoner has a guaranteed circulation of 145,000, so the actual cost to you is about 1 cent per word for 24,000 circulation. Some of our subscribers now, not only advertise their miscellaneous wants, but have built up a regular mail order business from these small advertisements, and raise stock, etc., on purpose for their customers secured by advertising. A good many sell goods and articles of their own make, or act as agents for manufacturers.

You can make money and build up a nice little business of your own by using this department to place your proposition before The Commoner's big army of readers. If you have anything to buy or sell it will pay you to use this department at all times.

Send us a trial order. Write just as you'd talk. Never mind the grammar. Count name, postoffice, and numbers as one word each. Multiply by 6 cents per word, and send your ad. and money order direct to The Commoner, Lincoln, Neb.
