Improve Your Mind Fit yourself for greater endeavor and for higher aims and for a larger success in life. Put the world's great store of reference knowledge in your own home. Nearly all of the successful men of the world have made their success by home study. Wisdom comes only with years of study—**study in the home**. Think how easy it is to gain the very knowledge you want by turning instantly to your own book case and taking down the volume that contains exactly what you want—all you want. It gives strength and courage to a man to know things himself. It means success many a time when failure is staring you in the face.

Gain the Power of Knowledge Be the master yourself by having that immeasurable power. The man who knows is the man who is wanted. The man who has the knowledge is the man who succeeds. Think of having all reference knowledge right in your own home. Think of having the standard, complete compilation of the world's wisdom to **answer every question** and to enlighten you on every subject. The pride of knowing is the seed of ambition. And how little success there is in life without ambition. Whether on the farm, in the store, in the workshop; everywhere you are in competition with men who know and he who knows most succeeds best; he makes more money; he commands more respect; he enjoys more of life. The parent who knows is a better parent than the one who is unable to aid the child in its struggle for knowledge—for life's success. **For the children's sake** there should be books of knowledge in the home.
