## Genuine Alundum Grinder NOT An Emery Wheel

And Alundum is the most wonderful abrasive in the world, even hard enough to scratch the diamond. It is really manufactured precious stones, for it is made of the very same substances which go to make up the sapphire and the ruby. Alundum is the most perfect grinding substance known. It is just as much harder than emery as emery is harder than ordinary chalk. A grinding wheel made entirely of pulverized South African diamonds would not grind one bit better or faster than the genuine Alundum wheels which we furnish with this superb machine.

Alundum is manufactured in the most terrific heat which man has ever been able to produce. A heat so great that it will actually burn up a common brick like so much gunpowder. And in this incomparable heat is produced Alundum. It is the heat in which the worlds were formed. Every one of the beautiful iridescent, needle-like crystals is so hard that it will actually scratch the diamond itself. It is these crystals which are crushed up and made into the grinding wheels. It is these inconceivably hard and sharp crystals which cut through the hardest steel more easily than the finest emery wheel will cut through soft copper.

## SAVES TIME—EFFORT—MONEY!

You can do the same work in two minutes on an Alundum wheel that would take you at least half an hour on a grindstone, and do it better. And you can operate the Harman Special Farm Tool Grinder for half an hour with less effort than would be required in running a grindstone for two minutes. Alundum will grind 25 times faster than a grindstone and 8 times faster than an emery wheel.

We want to prove these things to you at our expense. We want to send you the Harman Special Tool Grinder for a ten days' trial right on your own farm. See for yourself how it will grind and sharpen every tool on your farm. See for yourself that it is time to throw away the grindstone. Send the free coupon for our free booklet describing this wonderful Alundum. Mail Coupon Today!

## LASTING—BINDING—GUARANTEE

Alundum wheels are so much harder than the hardest steel that no amount of grinding seems to have the slightest effect on them. Alundum will cut the biggest steel file you have in two in five seconds. We give a lasting, binding guarantee with our tool grinder.

Alundum will NOT draw the temper from the steel! Alundum wheels will not wear in spots or become lop-sided. They will not glaze over. They are not only hard, but they are equally hard throughout. There are no soft spots in an Alundum wheel. The reason for this is that Alundum does not heat the article which is being ground as does an emery wheel or grindstone. Alundum cuts and cuts quickly—it cuts so quickly that the steel does not have time to heat.

**HARMAN SUPPLY CO., Chicago.**  
 Sirs: The tool grinder shipped to this school has given good satisfaction and appears to be as guaranteed by you. I am enclosing photograph of the school and buildings, and you may use same and recommendation as you desire.

### Most Useful Machine on Farm

I must say the grinder is far ahead of anything I expected it to be. No more hand power grinders for me. When I want to sharpen anything I go and do it without chasing up the second party to turn the stone. Not being used to sharp tools, three of my family have slight mementos on their fingers and I touched myself slightly this afternoon. My boy calls it "Pop's" bicycle. Very true that statement that you can use it 365 days a year. I gummed a cross-cut, sharpened some knives and a hatchet. I am satisfied that it is the most useful tool or equal to any tool the farmer or anybody else has on his place.  
 C. J. DOYLE,  
 Orchard Farm, Westfield, Mass.

### If Farmers Knew, All Would Buy

I don't think any farmer would be without one of your grinders on his farm after he has an opportunity to try one. I think it is the best machine of the kind I ever saw. The Hone that I received with my machine is the best stone I ever used, and I have used a great many different kinds. I have tried nearly everything that needs sharpening on a farm on this grinder and it has proven satisfactory in every case.  
 EMRY BUNNELL,  
 R. R. No. 1, Nevada, Ohio.

### Beats Anything I Ever Saw

Your Grinder is just what every man that has tools to grind should have. I am well satisfied with the grinder. It beats any grinder I ever saw or used. Enclosed find check to pay for grinder.  
 EBER DEPON,  
 R. F. D. No. 3, Ossian, Ia.

### Seven Days Enough to Prove Worth

I have had the grinder just seven days and that is enough to show me that it is more than you say it is, and I have tried it on everything that I could, and it beats the old grindstone all hollow, and I think you will make more sales around here, as there has been quite a few of my neighbors who have seen my grinder work.  
 BERT LEWIS,  
 Box 29, Larchwood, Iowa.

### Would Not Take Twice Price

After ten days' free trial with your Grinder I can say that I am well pleased with it and would not take more than twice the price for it if I could not get another like it.  
 V. V. MAXSON,  
 West Point, Miss.

### Another Man Who Knows a Good Grinder

I received your Grinder the 15th and have given it a thorough test. It is much better than I expected, which is enough to say I am well pleased with it. I would not sell it for double the cost and do without one.  
 R. B. COLEMAN,  
 Berryville, Va.
