

declared he did not have to make a point of order; that it was his right to recognition under the new rule without raising any point of order against the speaker's action. 'You'll overrule me if I make a point of order,' said Mr. Fitzgerald. Insurgents, democrats and regulars jumped into the free debate that followed. Upon the speaker's refusal to recognize Mr. Fitzgerald the latter was finally forced to make a point of order against the taking up of the army appropriation bill. The speaker had his ruling on the point

prepared in advance and read from manuscript. He held that the new rule did not make it mandatory upon the house to take up the motions to discharge a committee; that it simply made such motions in order, if the house desired to take them up. Upon this basis the speaker held that Mr. Hull and the army appropriation bill had the right of way and that the motions provided for under the new rule could not be interposed. 'I appeal from the decision of the chair,' cried Mr. Fitzgerald. 'I move to lay that motion on the table,' in-

terposed Mr. Payne, of New York, republican leader of the house. The Payne motion was the first test of strength in the house and it was defeated, 155 to 124. Then followed an acrimonious debate upon the ruling. When the vote finally was taken up the appeal from Speaker Cannon's ruling, twenty-two insurgents and all but one of the democrats present voted against the speaker. The result was the defeat of his ruling by a vote of 145 to 126. Fourteen members answered present, but did not vote because of pairs with absent members. The republicans who voted with the democrats against the speaker were: Carey, Wisconsin; Cassidy, Ohio; Davidson, Wisconsin; Fish, New York; Goode, Iowa; Gronna, North Dakota; Haugen, Iowa; Hinshaw, Nebraska; Hollingsworth, Ohio; Hubbard, Iowa; Kendall, Iowa; Kopp, Wisconsin; Kusterman, Wisconsin; Lenroot, Wisconsin; Madison, Kansas; Morse, Wisconsin; Nelson, Wisconsin; Norris, Nebraska; Pickett, Iowa; Poin-dexter, Washington; Stafford, Wisconsin, and Steenerson, Minnesota. Representative Saunders, of Virginia, was the only democrat voting against Mr. Fitzgerald in the appeal from the chair's decision. The result of the vote is to settle definitely the status of the new rule. The plan had been outlined before the session opened to attempt to set the army appropriation bill in ahead of the motions to take bills away from committees. Representative Norris of Nebraska, who led the fight that led in the wresting of the rules committee away from the control of the speaker last March, declared that the intent of the rule had been plain and that those who favored it did not propose to see its real force taken away from it. The rule that brought about the test of strength and the defeat of the regular forces is the last change that was made in the code of rules of the house last session. It was prepared by Champ Clark, the minority leader, and passed last June with but one dissenting vote. Its purpose was to give a means for getting bills away from committees, when the latter attempted to 'smother' them."

The exposition committee of the house of representatives by a vote of 9 to 6 has reported in favor of New Orleans as the site for the Panama exposition of 1915.

The democratic members of the new house of representatives met in caucus and nominated by acclamation for speaker in the house of the Sixty-seventh congress Champ Clark of Missouri. An Associated Press report of the meeting says: "A great

ovation was given Champ Clark of Missouri when Mr. Wilson of Pennsylvania, in a speech, declared that he would gladly vote for Clark for president. The caucus adopted the Foster resolution, clothing the ways and means committee with the power of naming the standing committees of the house subject to caucus ratification. One of the significant speeches in the nomination of Mr. Clark was by Mr. Ansberry of Ohio. On behalf of the sixteen democratic members elected to the Sixty-second congress from the great state of Ohio," said Mr. Ansberry, "the state which at the next convention of the democratic party will present the name of Judson Harmon for the presidency, I second the nomination of Champ Clark of Missouri." At mention of Mr. Harmon's name several democrats applauded. There was little cheering at his mention of Mr. Clark, Mr. Clark's friends fearing that cheering in that connection might be misinterpreted for cheering for the Ohioan who was conspicuously mentioned for the presidential nomination. Representative Oscar W. Underwood of Alabama was unanimously nominated for chairman of the ways and means committee. His name was proposed by Champ Clark. Representative Clark of Florida struck the first discordant note by objecting to the fixed program. Messrs. Adamson of Georgia and Sulzer of New York, ranking members, respectively, of

**FREE MEDICINE FOR CATARRH**

**If You Suffer from this Loathsome and Dangerous Disease, Your Name and Address Will Bring to You Our Catarrh Medicine FREE.**

We are specialists in the treatment and cure of Catarrh. We know that we have the right treatment for Catarrh and we are going to prove it. We want to prove it in the quickest possible way; therefore we make this offer of one month's Catarrh medicine FREE. After carefully reading the symptoms enumerated below, write us indicating those you feel in your case, and upon receipt of this liberal offer, we will send you one full month's treatment FREE. Now we will tell you why we can afford to make you this offer. Ours is not a "cure all" nostrum, such as is dealt out to all alike, independent of age, temperament or condition, but instead is a scientific course of medicine prescribed to meet the individual requirements and special needs of each individual case and compounded by an up-to-date pharmacist from pure, fresh drugs. It has proven successful in so many cases that have tried numerous so-called Catarrh cures with little or no benefit, AND WE BELIEVE IT WILL CURE YOU. It is cheaper for us to give a month's medicine free, knowing that thousands will take advantage of this generous offer, and thereby quickly spread to their friends and relatives the efficiency of our method, than it would be to wait patiently for years in the old way to have this grand treatment become famous; therefore seeming generosity is really economy.

**LOSS OF SIGHT, DEAFNESS,**

and many other afflictions find their origin in the Catarrh poison lurking in the system and cannot be cured until this primary cause is removed.

**READ CAREFULLY the Following Symptoms**

**EYE** Do your eyes water, do they itch or burn; does matter accumulate in the corners of eyes during sleep; is vision impaired; are the eyelids inflamed or granulated? If so you need our treatment.

**EAR** Catarrh extends from the throat along the Eustachian Tubes into the ears, frequently causing partial or complete deafness. Is your hearing failing, do your ears discharge; do you hear better some days than others, do you have roaring or cracking or other noises in your head? If you have any or all of these symptoms you need prompt treatment.

**NOSE AND THROAT** This form of Catarrh is most common, resulting from neglected colds. Is your nose tender or stopped up; does dry in the morning; do you sleep with your mouth open? Now is the time to be cured—do not delay, thus allowing the trouble to become complicated and deep seated.

**BRONCHIAL TUBES** When Catarrh of the head or throat is neglected or improperly treated it frequently extends down the wind-pipe into the bronchial tubes and in a short time may attack the lungs. Have you a cough; do you take cold easily; have you pain in the side; do you raise frothy matter or spit up little cheesy lumps; are you growing weaker? It is dangerous to neglect these warnings. Stop the disease before it becomes too late.

**STOMACH** Catarrh of the stomach is due to swallowing mucus which drops from the head and throat during sleep. Do you suffer from nausea, or belch up gas? Is your tongue coated; do you bloat after eating; is there a constant bad taste in the mouth; have you a foul distaste for food; do you vomit or spit up your food? If you neglect these symptoms you will regret it.

**LIVER DISEASE** The liver is frequently affected by Catarrhal poisons carried from the stomach through the ducts into the liver. Do you get dizzy; see specks before the eyes; have you cold feet, feel generally miserable, get tired easily, have hot flashes; easily discouraged, rumbling in the bowels; constipated, sallow skin? If you have any of these symptoms prompt treatment is necessary.

**KIDNEY DISEASES** may result by taking cold, or by overworking the kidneys in separating the Catarrhal poison which may affect any organ. Do your hands and feet swell, do you notice it more at night, is there a pain in the small of the back, has the perspiration a bad odor, is there puffiness under the eyes, do you have to get up during the night, do you notice sediment, mucus or a "brick dust" deposit? Watch out for Bright's Disease and Diabetes.

**NERVOUS DISEASES** The majority of nervous diseases are caused by poisons in the system. Is your mind dull, are you easily excited; does your heart flutter; do your muscles twitch; are you irritable; suffer from sleeplessness, get up as tired as when you went to bed; suffer from Neuralgia; have bad dreams; have you gloomy forebodings and always a feeling that something is going to happen? To delay treatment is dangerous.

**Remember,** send only your name and address, **no money,** and without delay, you will receive **one month's medicine free** for your particular case, also a large illustrated book, which contains much valuable information. It explains how to get well and how to keep well, and should be in every home. Address
