

A Des Moines, Ia., dispatch to the Omaha World-Herald, says: Earl W. Lindsay of Newton, facing a life sentence for criminal assault on a young girl at Colfax several years ago, will have three months' liberty in which to earn money for his wife before going forever behind the bars. This lease was given him by the Iowa supreme court with the consent of Attorney General George Cosson under most unusual circumstances. Lindsay is an aviator and being out on bonds pending the appeal of his case has several lucrative contracts for the summer. An application for the rehearing of his case in the supreme court has been on file some weeks. The court granted a motion to extend the hearing of the application until fall. Lindsay has suffi-

cient contracts on hand as an aviator was shown, and that he can by fall make a large sum of money to give his wife was also shown to the court and the attorney general. The officials took the ground that Mrs. Lindsay might as well get this money. Lindsay is sentenced for life for the crime committed and his appeal to the supreme court has already been lost. His standing in court now is only an application for a rehearing.

The Huerta government in Mexico has been formally recognized by Great Britain.

The New York legislature declined to follow Governor Sulzer's advice and pass a state primary bill, but the governor is undaunted and he proposes to take the fight to the people.

Frank O. Briggs, former United States senator from New Jersey, died at his home in Trenton.

Governor Sulzer has called a special session of the New York legislature in the hope of persuading the passage of a state primary law.

Four police inspectors were convicted of graft in New York city.

The woman suffrage bill was defeated in parliament by the votes of more than 50 Irish nationals. The measure was rejected by a majority of 47.

The Illinois state senate has passed a bill extending to women the right of equal suffrage on all questions and propositions voted on at elections and for the following offices: Presidential electors. Members state board of equalization. Mayors and all other municipal officers except police magistrates. Members of boards of assessors and boards of review. Trustees of the sanitary district of Chicago. Clerk of the appellate court. The vote on the suffrage bill showed that several converts had been gained to the suffrage cause. Among the number was Senator Juul of Chicago, who opposed the measure two years ago.

Lieutenant Park, a military aviator, fell from a machine at Olive, Cal., and was killed.

A Nogales, Ariz., dispatch, carried by the Associated Press, says: Didier Masson, aviator, and Thomas Dean, Mechanic, for whom warrants have been issued in connection with the war aeroplane, are in Mexico. Wearing uniforms of the constitutionalist army they took quarters at a hotel in Nogales, Sonora. The big flying machine continues to be held by United States federal authorities, twenty miles south of Tucson, Ariz., where it was captured.

The French birdman and his assistant had met the officers searching for the missing machine, reported to be destined for use in the projected attack on Guaymas. But they left before warrants had been issued at Phoenix, charging violations of the president's proclamation regarding exportation of munitions of war.

Residents of the Mexican town of Nogales celebrated a reported victory of the state troops investing Guaymas. Only meager details were contained in the official report, which

stated that 200 federal soldiers had been captured.

In a hotly contested municipal election the "wets" carried the city of Lincoln, Neb., by a majority of more than double that obtained two years ago.

A Huntington, W. Va., dispatch says: W. H. Thompson, editor of the socialist and labor Star; Elmer A. Rumble, a reporter and R. M. Kephart, George Gillespie and F. M. Strum, connected with the paper, which was confiscated at 2 o'clock one morning by the military authorities acting under the orders of Governor Hatfield, were taken to Charleston. An attack directed against Governor Hatfield, in connection with the coal strike troubles of Kanawha county, under martial law, recently printed in the socialist publication, caused the raiding of the plant and the arrests. The order to take the men into custody does not provide that they be brought to trial, but orders that they be arrested and confined.

An Associated Press cablegram from Pekin says: The bankers representing the five powers, Great Britain, France, Germany, Russia and Japan, relative to the loan of \$125,000,000 to China, were notified by the minister of finance of China's final acceptance of the loan.
