All Copper Reservoir-Heats Like a Tea Kettle

Be Sure To Note This Feature When Ordering a Range
Look at the *Majestic* All Copper Removable Reservoir. It heats like a tea kettle by means of a copper pocket (drawn from one piece of copper) setting against the left hand lining of fire box. Boils 15 gallons of water in a jiffy—simply turning a lever moves frame and reservoir away from fire. This is a patented feature which can only be used in the

Great Majestic Malleable and Charcoal Iron Range
Body Lined With Pure Asbestos Board

A Perfect Baker—A Fuel Saver
Put together with rivets—joints absolutely tight, no heat escapes. no cold air enters. Body lined with pure asbestos board, covered with iron grate—you can see it—insuring a dependable baking heat with half the fuel required in ordinary ranges.

ONLY range made of malleable iron and charcoal iron. Charcoal iron WON'T RUST LIKE STEEL—malleable iron can't break. Outlasts Three Ordinary Ranges. Contains greatest improvement ever put in a range—increasing strength and wear of a Great Majestic more than 300 per cent at a point where other ranges are weakest—many other exclusive features. If you would be absolutely sure of complete satisfaction—don't buy from printed descriptions—see the *Great Majestic*, compare it, point for point, with any other range. For sale by dealers in nearly every county in 49 states. Majestic dealers furnish any size or style *Majestic* with or without legs. Write for book, "Range Comparison."
