

Rheumatism
A Home Cure Given by One Who Had It

In the spring of 1903 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bed-ridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your Rheumatism, you may send the price of it, one dollar, but, understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today.

House Members

On account of the great number of house members it is an impossibility to thoroughly investigate their position and therefore our people are advised to ascertain in person where they stand before they give them their vote. Wherever there are German societies or church organizations or where there is a German newspaper this task will be much more easily accomplished.

Members of Congress

The election of members of congress we must entrust to our people, but would recommend to them that they should pay great attention to the advice of the German press.

The officers of each one of our subordinate German-American alliances are herewith most earnestly advised to call a special meeting of their society in order to read this letter before them to impress upon them the great importance of getting out the full vote.

And finally one word more: Let every one do his duty, let every one vote, no matter what the weather may be. If it rains, or snows, if it is cold or warm, your votes or the votes of your sons, your friends and your neighbors are needed. If we wish to strike down the nativistic prohibitionists and to help win the victory for those candidates who are inclined to our way of thinking. The polls throughout the state are open from 8 o'clock in the morning until 8 o'clock in the evening. Let every one do his full duty.

With true German greeting. The Political Committee of the Nebraska German-American Alliance. VAL J. PETER, President, Omaha.

SENATE'S LAST CRY "NO RATIFICATION"

[From the Nebraska State Journal, April 9.]

On account of the failure of Governor Neville to include ratification of the national prohibitory amendment in his call for a special session, and also on account of the refusal of the senate to consider that subject, the federal amendment must await the action of the next regular session of the legislature, or some subsequent session. The house of representatives ratified the prohibitory amendment, regardless of the governor's refusal to place that subject in his call, but the senate repeatedly refused to consider this subject.

Had it not been for a resolution by Senator A. J. Sawyer of Lancaster the special session might have adjourned without passing a resolution commending President Wilson and the war. As the senate had previously shut out consideration of the joint resolutions, for fear ratification of prohibition would go through, the Sawyer resolution on the war had to be adopted as a separate affair in each house.

HOW SENATORS VOTED

[From the Nebraska State Journal, April 3.]

There were four roll calls on three different motions by which the record of the senate on the prohibition amendment was made up. On a motion to overrule the chair the line stood as follows: Adams, Albert, Bennett, Buhrman, Doty, Gates, Henry, Kohl, Lahners, Mattes, Moriarty, Samuelson, Soost, Spirk, Strehlow, Tanner, Wilson of Dodge—17.

On the Beal amendment opening the way to a vote on prohibition the line stood thus: Adams, Albert, Bennett, Buhrman, Doty, Henry, Howell, Kohl, Lahners, Mattes, Moriarty, Samuelson, Soost, Strehlow, Tanner, Wilson of Dodge—16.

On the passage of the Henry resolution to prevent a vote on prohibition the line included: Adams, Albert, Bennett, Buhrman, Doty, Gates, Henry, Howell, Kohl, Lahners, Mattes, Moriarty, Samuelson, Soost, Spirk, Strehlow, Tanner, Wilson of Dodge—18.

On the McMullen motion asking the governor to open the question of prohibition the line stood complete: Adams, Albert, Bennett, Buhrman, Doty, Gates, Henry, Kohl, Lahners, Mattes, Moriarty, Samuelson, Soost, Spirk, Strehlow, Tanner, Wilson of Dodge, Wilson of Frontier—18.

MEMBERS OF DRY COMMITTEE CALLED IT GERMAN VICTORY

[From the Nebraska State Journal]

In a communication to the State Journal Elmer E. Thomas and H. F. Carson, members of the dry legislative committee, declare that it is not too late for the people of Nebraska to assemble at the state house and demand to know whether the legislative body of the state is going to stand by the American army or "complete its surrender to the kaiser and continue the retreat ordered by the members of the state senate Monday."

The communication reads as follows:

It is unfortunate that just at the time when the alien-owned breweries of the United States were able to control the governor and a majority of the state senate in such a shameful and unexplained manner that there has come to light the remarkable document from the Omaha Tribune, showing that the German-American alliance to put their henchmen into office in this state and have such unlimited power over them that they could compel them to suppress democracy in the state of Nebraska and to override the will of the people as expressed by thirty thousand majority; override the standard of decency and morality set up by the people of this state and humiliate the true patriots of Nebraska by showing to the world that the organization which is being investigated by the national government for sedition and treason against the American people, while we are engaged with the war with Germany, is powerful enough in Nebraska to compel men who have taken the oath of allegiance to the United States

and sworn to perform their duty as state officials, to make a baseless surrender of their conscience and manhood and disgrace the state of Nebraska.

It is quite a coincidence that the eighteen men who voted in the Nebraska state senate Monday against ratification of the national prohibitory amendment, were all endorsed for election by the German-American alliance. It also shows that the governor, who refused to include prohibition in his call and refused to deliver to the legislature the certified copy of the proposed federal prohibition constitutional amendment that was sent through him for delivery to the legislature, was endorsed by this same anti-American organization that the investigation at Washington shows spent one-quarter million of dollars for telegrams to influence the United States congress against the interests of the American people.

This endorsement of the German-American alliance may explain the anti-American action of Senator Hitchcock of Nebraska, in opposing President Wilson in his conduct of the war against Germany.

This remarkable anti-American document explains why notwithstanding that the breweries of the United States are largely alien-enemy owned and are using their profits collected from American citizens to carry on a German propaganda in this country that is disorganizing laboring men, that is causing strikes in our shipyards and munition factories at the expense of the lives of American soldiers, that is compelling state officials to betray their country's interests, and that by compelling the representatives of this German-American alliance in the state senate to defeat and postpone the ratification of the federal constitutional amendment that was adopted almost unanimously by the house of representatives and is demanded almost unanimously by the people of Nebraska as a patriotic measure.

Are the people of Nebraska going to submit to the dictation of an organization that has been shown by the testimony of its national president to be engaged in sedition against the United States? Are they going to permit this organization to postpone the ratification of the prohibition amendment which means giving to the alien enemies, who harbor in the United States, a hundred million dollars a month profit, the effect of which is the shooting of our American soldiers in the back while they are fighting for the democracy of the world? Are the people of Nebraska going to permit this anti-American organization by its power to postpone the ratification of prohibition, worse than waste food grains that are equal in value to six million loaves of bread a day, sufficient to feed the American and allied armies?

Is the Nebraska house of representatives, that has testified to its Americanism and its loyalty to the stars and stripes, going to permit itself to be slapped in the face by the audacious Hindenburg forces and made to give up its place in the front trenches where it is fighting for democracy, and permit the alien enemies of this government to take charge of the Nebraska legislature and state house and to give aid and comfort to the enemies of the United States by permitting them to continue their source of revenue that is being used against the American soldiers and the American people?

The so-called Nebraska legislature is still in session. It is not too late for the people of Nebraska to assemble at the state house and demand to know, and they have a right to know, whether the legislative body
