

Strengthen America

Liquor and the War

Food, Labor, Life—

These are the chief factors in winning the war,
and the liquor men are wasting all three!

They are wasting food—

Last year the waste amounted to 7,000,-
000,000 pounds of food-stuffs! — And they
*have no right to starve some men by mak-
ing others drunk!*

They are wasting labor—

About 300,000 men are engaged in the
manufacture, sale and distribution of
booze—in breweries, saloons and restaur-
ants, as brewers, bartenders and waiters—
at a time when every man is needed in
some useful occupation to help win the
war. — *The labor of these 300,000 men is
worse than wasted — no possible good can
arise of it, but much harm is done.*

They are wasting life—

Bartenders, brewery workers and waiters
in saloons lose an average of six years of
life on account of their occupations. If
the 300,000 men who make and sell booze
lose an average of six years of life, it
makes a total of 1,800,000 years of life.
The average man works about 30 years
— so that the liquor traffic is using up the
equivalent of 60,000 men in each genera-
tion. And this is too great a price for the
nation to pay.

For these reasons:

first—the waste of food;
second—the waste of labor;
third—the waste of life;

—for these reasons we have a right to demand that
the liquor business be abolished.

Strengthen America Campaign

“Food will win the War”

It hits you in the face wherever you go—
this slogan of the Hoover campaign for
food conservation — “food will win the
war!”

When the Senate’s Committee on Agri-
culture was investigating the subject of
food-stuffs, the liquor men denied that
they consumed as much as the prohibi-
tionists said they did — *they declared that
they used only one per cent of the grain.*

All right — let’s take them at their word.

*One per cent. of the grain will feed one
per cent. of the people. This means one
million people — because there are one
hundred million of us in this country.*

We shall probably send one million soldiers to France.

This means that the liquor men have been
wasting enough foodstuffs to feed every
last man who will go to the trenches!
If food will win the war — as Hoover says
— then the liquor men have a fearful re-
sponsibility resting upon them when they
deliberately waste the food which would
give life and strength to our soldiers.
But what about the man whose vote gives
the liquor men the right to do this?
Every vote for the “drys” will help save
the soldiers at the front.

Have you a boy “over there”? Is he worth saving? Then vote “dry.”

If you believe that the traffic in Alcohol
does more harm than good—help stop it!
