### Two Heads

### Are Better...

Too early in the week for much to be happening, but Tuesday's wind brought several little items our way... Dorothy McClintock, AOPi, and Sig Chi Emerson Jones had a little mix-up about their date to the Kosmet Klub Revue and it finally got so confused that Dottie saw red and broke her Military Ball date... That's one off the list...

Tau-man Jim Nicola went to Denver last week-end for his brother's wedding and came back seeing stars, moonbeams and sundry romantic things because of a little Denver gal with a nice shiny convert... So where does that leave Pi Phi Betty Krause who claims she doesn't like him anyway... The big romance between Alpha Phi Beanie Allen and her man from Northwestern way is definitely and completely off—no more pin, no more nothin'... Tagged as a coming deal is that of Pi Phi Jane Moyer and Sig Alpha John Harrington.

#### More Intimates.

Bob Gelwick, Sig Ep barrister, is none to happy with pin-mate Esther Calhoun... He claims she was out with a DU one evening, and she says it was only a roommate, but Bob still isn't convinced... Congrats to 12 new members of Delta Sigma Pi... Initiation was held Sunday for Donald Nelson, Donald Farley, Harlan Cullwell, Dana Turpin, Jack Knicely, Clyde Erwin, Gayle Cummings, Doug Varner, Jerry Fritzon, Bert Landstrom, John Kuhlman, and Elton Tekolste... The Alpha Xi Deltas are laying bets on how soon it will be before Knicely hangs his pin on Betty Klinge.

Evidently love at first sight isn't a legend... Ross Presita and Virginia Lovick exchanged rings on the first date, mutually agreed that the Mill Ball and the Ice Revue had better be taken in together on the second and on the

# Culture vs Defense?

## Students Place Arts Higher

AUSTIN, Tex. The nation's defense program and the emphasis the war is placing on scientific advancement seem to have had little effect on what students believe college education should offer.

A national poll of student opinion surveys of America reveals that during the last two years there has been only a very slight increase in the number of collegians who believe higher education should stress technical and professional training. College newspapers, including the Daily Nebraskan assigned interviewers to ask the following question of a carefully-derived cross section of students:

"Do you believe college education should be mainly technical and professional training, or should it emphasize a wide cultural background?"

Here are the results, compared with those compiled by student opinion surveys in November 1939, on the identical question:

Technical and Professional background...	1939 17%	1941 19%
Cultural background...	44	42
Both	37	39

Less than 1 percent were undecided; so these no-opinion answers were not included in the tabulations.

Men students, nearly one-fourth of them, want technical and professional training favored, while only 16 percent of the women do.

From the comments made by many of the students contacted, the reason for the small number who want the technical side stressed is that undergraduates do not want the arts, the social sciences, overshadowed during this period of strife.

A freshman at Pomona junior college in California told interviewer Peirsol. "If we lose sight of the basis of education and let war hysteria dominate our better judgement, we will find when the national emergency is over that we have lowered the level of education unnecessarily."

# Ag Men Form Club Based on Food

Forty young men on ag campus interested in better group living have organized the Bachelor's club which has as its main plank good food and how to make it.

Idea for the club originated last spring, but organization did not actually get under way until this fall. All men not already members of fraternities or cooperatives are eligible to join the Bachelors in their move for improved living at minimum expense.

#### Hear Monthly Talks.

Regular meetings are planned during each month to include talks on such things as health diet, and how to live with other men and like it. A social program of hour dances and parties with entrance in intramural sports competition is also on the program.

Temporary chairman of the club until the permanent constitution is drawn up and officers are elected is Lemoyne Johnson, Dave Sanders is temporary secretary. A constitution committee includes Dale Landgren and Emanuel Smolik, Clark Rice, Bill Green, and Gene O'Donnell compose the program committee.

Bachelor life is a cinch if you have the "1,001 Recipes to Please a Man" manual—the advertisement reads—but Harry Benda, pictured left, looks slightly puzzled. Masters of the book, however, are Lumir Abraham and Harold Tichy shown as they prepare a Bachelor club dinner.

ma, national honorary fraternity, are: Forrest Behm, Thomas Horn, Warren Jones, Donald Meier, Harold Phillips, James Pittenger, William Rabe, Delbert Spahr and Fred Uhlman who were elected in the spring of 1941; and Warren Charles Johnson, Morris Edward Kidshenbaum, Bertil Eugene Landstrom, William Longman and Maudie Nakada who were elected this fall and whose appointment was announced for the first time at the banquet.

Frank E. Roth, jr., was honored as a member of Phi Beta Kappa, and the following members of the class of 1941 who graduated with distinction were cited: Robert Aden, Forrest Behm, Melbourne Johnson, Betty McGeachin, Harold Phillips, William Rabe, Frank E. Roth, jr. and Robert Simon.

The Alpha Kappa Psi citizenship prize which is annually offered to the senior student ranking highest in professional subjects and student activities during the first seven semesters was won by Robert Aden who was also announced winner of the Miller and Paine scholarship in business research.

Robert Simon won the Delta Sigma Pi scholarship key awarded to the senior who ranks highest in scholarship for the entire course. The Phi Chi Theta Key was awarded to Gertrude Micheels who was the woman student having an average in her junior year equal to the all-university average and who stood highest in point of leadership and activities in the college.
