

'Dames at Sea' premieres July 7 at Howell Theater

"Dames at Sea," a musical production by the Nebraska Repertory Theatre that both admires and satirizes the musical extravaganzas of the 1930s opens July 7 in Howell Theater.

The cast of characters includes "a star," a warm, gum-chewing good sport of a girl, a wide eyed ingunue just off the bus with her show biz dreams, a sailor sweetheart; his buddy and a harried producer.

"Dames at Sea" is the third entry into the rolling repertory season and joins "Sherlock Holmes" and "Habeas Corpus." "Let's Get a Divorce," a 19th century Parisian comedy is the fourth and final addition to the Repertory season and will open July 28.

"Habeas Corpus," which opened June 30, is an English play about a lady with an enormous bosom and a lady with

practically none at all, and the complications that arise when the flat-chested one tries to overcome her handicap by sending a mail-order for a pair of falsies.

One consequence of the mail-order is that the arrival of the equipment brings on a visit from a representative of the manufacturer, dedicated to insuring a good fit for the customer. He mistakes non-customer Mrs. Wicksteed for customer Miss Wicksteed and the adjustments become delicate.

The central figure of "Habeas Corpus" is a middle-aged physician who tries to seduce a girl young enough to be his daughter.

Chaplin Movie

A Woman of Paris," a 1923 drama, written and directed by Charlie Chaplin, shows at Sheldon Film Theatre July 6 through 9.

Chaplin also composed the musical score for the film, which because it was not well received at the box office in the 1920s, was put away for later release. That later release was in 1976 after Chaplin composed a new score and trimmed the movie from its original two hour length to 85 minutes.

Edna Purviance stars as Marie St. Clair, a not-so-innocent small-town girl, who after being jilted by her boyfriend, goes to Paris and becomes the mistress of a wealthy French publisher, Pierre Revel (played by Adolphe Menjou).

Let your feet make a place for themselves.

Footprinting in sand
Footprinting in a Birkenstock
Feet in the sand make footprints. Feet in Birkenstock footwear do the very same thing. The Birkenstock footbed is heat and pressure sensitive to mold to your foot and become your footprint.
So walking in Birkenstock is a lot like walking barefoot in the sand with one very convenient difference. You can walk in Birkenstock all year long.
