 And as a Navy officer you get exceptional benefits, regular promotions and pay increases, and a solid salary that can grow to \$50,000 after five years.  
 To qualify, you must be a U.S. citizen, 26½ years of age or younger upon commissioning, and working toward a bachelor's or master's degree. You must also have completed one year each of calculus and calculus-based physics with a "B" average or better.
