FULFILLING A PUBLIC TRUST

This Committee is voluntarily sharing with law enforcement officials the responsibility for protecting the public and the Nebraska Beer Industry from law violating beer dealers.

We look upon that responsibility as a public trust. Beer retailers who violate Nebraska law must and will be eliminated.

We will continue to be keenly aware of the privilege of protecting this economically and socially important industry for the benefit of all Nebraskans.

You can help us attain this worthwhile objective by withholding your patronage from those few outlets which tolerate unwholesome conditions.
