Consumers Public Power Will Spend Thousands To Improve Service

Announcement was made today of the approval of plans for the construction of a \$40,000.00 transmission line between Bassett and Ainsworth to be built by the Consumers Public Power District, according to V. M. Johnson, general manager. A further appropriation of approximately \$80,000.00 was approved and materials ordered for a new transmission line between Ainsworth and Valentine, Mr. Johnson stated.

The new line between Bassett and Ainsworth is to be constructed for 33,000 volts but will be operated for the time being on the basis of 22,000 volts.

Construction of the new line between Ainsworth and Valentine will accomplish a two-fold purpose. First, it will materially improve service at Ainsworth as well as at other distribution points from Valentine to O'Neill. Second it will make possible a greater output of kilowatt-hours from the two plants at Valentine, which of course will contribute to an even finer quality of electric service.

"It is the sincere intention of the Consumers Public Power District to maintain the best possible electric service at all times and at the most reasonable rates possible."

sible," said Johnson. "We believe our customers are interested first in good service and second reasonable rates. It is toward these two worthwhile objectives that the management of your Consumers Public Power District is constantly working. We believe the construction work we are about to undertake will make great contributions to better living for all our customers in this area through the medium of better electric service."

Heavier Receipts and Steady Prices at Local Market

Heavier Receipts of Livestock Demand About Steady Prices
The receipts of livestock were considerably increased last Monday at the local auction and prices held mostly steady to a trifle easier in spots. The quality of the offering was fair to good. Buyers from several states were here and wanted to buy them just a little cheaper. Demand remains good.

The extreme top on light calves was \$12.80 with the bulk ranging mostly from \$11.25 to \$12.25. Lightweight heifer calves pair as high as \$11.40 with \$10.00 to \$11.00 catching the majority.

Yearlings showed up in greater quantities and drew mostly \$10.00 to \$10.75. Several carload lots of these were sold and a large percentage placed in the upper brackets.

A good supply of two year olds was on hand. One carload lot averaging 910 pounds paid \$10.35 and another lot averaging 850 pounds sold at the same price. One smaller package, averaging 785 pounds, cashed at \$10.55. A load of lighter steers average weight 700 pounds, sold at \$10.50.

Cows were plentiful with good supply of wet feeding cows here. A few fat cows reached \$8.25 with the long end of the good kind ranging from \$7.50 to \$8.00. The feeding cows brought from \$6.00 to \$6.75. Bulls were firm with a top of \$8.25.

Hog receipts were rather light and the price was in line with the market trend. Practical top on light butchers was \$11.50 with an extreme top of \$11.70 being paid for choice ones. Sows placed at \$10.00.

Pigs were rather scarce and brought \$12.50.

The next regular auction will be held Monday September 8.

BRIEFLY STATED

R. H. Harris, of Lynch, was looking after business matters in this city Tuesday.

Mr. and Mrs. Lod Janousek spent Sunday and Monday visiting friends at Lincoln.

Homer Mullen of Scribner, Nebraska, spent the week end in O'Neill visiting.
