Cattle Prices Strong at the Local Market

Livestock receipts returned to seasonable levels last Monday at the local auction and prices looked about steady on most classes. Cows showed firmness and prices on the good kinds were stronger. Quality of the offering was not equal to a week ago, but that was to be expected.

The extreme top on steer calves was \$13.50. That price was paid for a few high class light weights and matched last week's top on commercial calves. Bulk of the steer calves moved at prices ranging from \$11.25 to \$12.50. Light weight heifer calves paid from \$10.00 to \$11.00. The offering in the calf division was broad considering that the annual calf auction was held here only a week ago.

Yearlings were also plentiful and a large number were sold in carload lots. These ranged mostly from \$9.50 to \$10.50 with a few reaching upwards to \$11.00.

A good supply of short twos was on hand. These, likewise, sold largely in load lots and the prices ranged from \$9.55 to \$10.00.

Supplies of cows were limited and a few good beef reached \$8.00 or better. Bulk of the cows sold from \$6.50 to \$7.50. Bulls reached \$8.00 and were in rather light supply.

Not many hogs are coming to market, only 125 head showing up here. Butchers paid \$10.75 to \$10.85. Sows ranged in price from \$8.40 to \$9.80. Pigs were scarce and sold from \$11.75 to \$12.00.

● Jules Isadore, the big fur man of the Waswanipi country, thought he was quite secure. He had the Indians scared to death. And "the land of the long snows" would never yield up the secret of the six missing men.

But Jules did not reckon on the determination of one Garry Finlay, who came up from the South to find his brother, Bob. He did not know about that ardale. Nor could he foresee how love might intervene to make his daughter an ally of the man he sought to eliminate.

The crackle of forest fires and the ping of bullets quicken the tempo of this adventure yarn of Hudson Bay country. Read it—

See it and you sense at once that here is new style that will stay good for years. On a lower, wider chassis, we have designed new long, low, wide and modern lines.

Interior treatment is entirely fresh, distinctive, pleasing. The beauty of this Ford will more than hold its own in any company.

Inside, the car is big—wide across the seats, generous on knee-room, leg-room, elbow-room.

On the road this year you find the "new Ford ride" still further advanced in its softness, quietness, steadiness and all-round comfort.

At the wheel, you will find driving easier than ever. Steering, gear-shifting, action of the big and sure hydraulic brakes have all been made smoother and easier.

In quality, the car is sound to the last detail. Defense requirements have all been met without a single reduction in the basic and lasting goodness of the Ford mechanically. Some new materials have replaced old ones, usually at a greater cost to us, but in every case the new is equal to or better than the old.

If your family needs a new car, go see and drive this Ford. For what it is today and for what it will be through the years ahead, we believe that you will find in it more and better transportation for your money than you have ever found before.
