4-H Club News

The D. D. 4-H club met at the home of Margaret Sauser at 4:00 o'clock on Monday, May 4.
There were nine members present.
The chapter "Getting Ready to Cook," was read. Margaret gave

a demonstration on how to make chocolate cream pudding.

Our garden member has completed his garden plan and reported the progress of his hotbed. We have one poultry member. After the business meeting Margaret served her chocolate pudding and plain sugar cookies which we judged. All agreed that someday Margaret might be a good cook. The next meeting will be Sunday, June 7 at the home of Irene and Twilla Whaley.

Livestock Prices Steady, Receipts Lighter

Due to the nervous market tone and the bad road conditions existing this week livestock receipts fell off somewhat at the local auction on Monday. However, prices ruled fully steady and stronger than a week ago as supplies were quickly absorbed under active demand. No really good cattle were represented here.

Steer calves sold mostly from \$12.00 to \$13.00. Heifers were scarce and the market looked fully steady to strong on the few that were here.

Yearlings were not plentiful and the price range was mostly from 10.50 to \$11.50. Heifers paid from \$10.00 to \$10.75 with a few reaching an extreme top of \$11.00.

A fair supply of cows showed up and the best beef cows reached upwards to round \$9.00. Bulk of the supply paid from \$7.50 to \$8.50. Bulls looked fully steady with a week ago.

A fairly good supply of hogs was here and prices followed closely, the general price trend of the week. Butchers topped at \$13.70 on lightweights. Bulk of the offering sold from \$13.50 to \$13.65. Sows sold from \$13.25 to \$13.50. Feeder pigs brought from \$14.50 to \$15.40. A lot of little pigs sold by the head at good prices.

In conjunction with the regular sale, a calf, donated by Alfred Drayton, O'Neill was sold at auction for the benefit of the USO and Navy Relief funds. A report on the sale will be found elsewhere in this issue.

For the first time in several years, in the month of May, The Elkhorn has been out of its banks and still is. In addition to the Elkhorn, the Dry Creek, has also been out of its banks and many of the meadows along that creek are flooded with water. While April was very dry, there was a lot of moisture last fall, the soil is in splendid condition and many of the old timers are of the opinion that old Holt is coming back for a series of wet years and bountiful crops. Now, if the war was over, we would all be happy.

Word reaches this office, indirectly, that Robert Mains, for many years a resident of this city and whom this paper mentioned about three months ago as being in an army aviation school in Texas, has his wings and is now with the boys in Australia. Best of luck Bobby and when you come back, come and see us and we will be glad to see you, and you will not be back, we know, until victory is won.

"E" stands for energy—constant reliable, inexpensive energy—the life-blood of any electric system and a vital fundamental factor in all modern living and working. Perhaps it is even more vital today because of the numerous services electricity is performing to help win the war. Power for proposed "war industries" is one of the first essentials investigated before a war plant site is approved. Your Consumers Public Power District is both pleased and proud that it can help the nation's armed forces in this very material way, providing needed power to help make equipment and supplies.
