

U. S. Soldiers Play at Opposite Ends of Earth

Johnny Doughboy can now see the green grass under the Icelandic snow and ice, and in the picture at the right we see him organizing a game of baseball with the use of a broom handle. That is Jack Relsnyder, first class private, at bat, with Sergt. Laurence Cumiskey—both from Ohio—catching. At the left U. S. soldiers, stripped to the waist, play a game of badminton in the heat of Australia.

RAF Pilots and Red Troops Are Inspected

Gen. Sefik Cakmak, chief of the Turkish air staff, is pictured (at left) when he inspected the Royal Air force pilots based somewhere in the Middle East. And at the right his royal highness, the duke of Gloucester, brother of King George VI of England, inspects the crack Russian troops billeted in Teheran, Persia.

Army Flamethrower Takes Pillbox

Soldiers in the timbers set up a covering fire while a completely equipped flamethrower (top) plays the lethal stream of fire on a pillbox during chemical warfare maneuvers at Edgewood Arsenal, Md. Below: Two soldiers of the 31st engineers capture the occupants of a fortified pillbox after a flame-throwing raid at Edgewood Arsenal. The U. S. army has perfected equipment that can be carried by one man.

Millions and Millions of Travel Miles

These great stacks of old tires make rubber mountain ranges over more than 20 acres of ground near the reclaiming plant of a large rubber concern in Akron. There are millions of miles of travel represented here, and many an American will now look back with regret at the days when he wasn't quite fair with his tires.

News for Motorists

Anthony Morch, New York inventor, exhibits his method for converting water into gas for autos. One of the bottles contains water and sodium. Connected with the battery, the electricity generates hydrogen gas which can burn. It costs 5 cents per gallon to produce. Morch's exhibit was a highlight of the inventor's exposition in New York.

Hail Native Land

Seymour and Beryl Everett (left to right), children of the first secretary of the U. S. embassy at Vichy, reach the safety of America's shores. The children were born in Europe.

After First Jump With Nylon 'Chute

Adeline Gray, 24-year-old girl parachutist, is shown being assisted by friends after she had made the first test jump with a nylon parachute at Hartford, Conn. Miss Gray jumped from 2,000 feet in the presence of army and navy observers, and representatives of the parachute company. The successful jump assured army and navy pilots of a constant supply of parachutes when the nation's stockpile of silk is exhausted.

Discuss WAAC Plans in Washington

Above, left to right, Mrs. Maurice Moore, chairman of USO national women's committee; Mrs. Oveta Hobby, director of the women's army auxiliary corps; and Mrs. Pearl Blough, secretary of USO services for women and girls, discuss plans for future co-operation when the WAAC gets fully under way.

German Surrenders in Libyan Desert

Cablephoto from London. In the see-saw battle on the blistering sands of the Libyan desert many strange sights are seen these days. Here the sole surviving member of a German tank crew is shown surrendering to a Bren gun carrier on a Libyan battlefield. The tank can be seen burning in the background.

Doolittle Reveals Location of Shangri-La

"This is Shangri-La!" That is what Brig. Gen. Jimmy Doolittle, the ace fighter who led that daring bombing raid on Tokyo, told this throng of aircraft workers at the North American plant in Los Angeles. The famous flier is shown as he delivered his speech in which he said, "This is where those B-25 bombers came from."

Hope for Tires

There is now in large scale production an artificial rubber (thiokol) which promises to help carry the nation over its critical tire shortage. Above, John Lange is shown painting synthetic rubber on an old tire at the Thiokol plant at Trenton, N. J. Any number of coats of thiokol may be applied to a smooth surface tire. After the liquid has dried it will stand up well and give satisfactory mileage.

Crochet Gay Mats And Scarfs in Jiffy

COLORFUL jiffy crochet in mats and scarfs, done in rug cotton will make your luncheons go off gaily. The scarf can be any desired length. Pattern 7282 contains instructions for mat and scarf, illustrations of stitches; photograph of mat, materials needed. Send your order to:

Sewing Circle Needlecraft Dept.
82 Eighth Ave. New York
Enclose 15 cents (plus one cent to cover cost of mailing) for Pattern No.

Treat Constipation This Gentler Way!

Many folks say that almost as bad as constipation are harsh cathartics and purges. That's because many medicinal laxatives work this way: they either prod the intestines into action or draw moisture into them from other parts of the body. Now comes news of a gentler and pleasanter way of treating constipation, for the millions of people with normal intestines whose trouble is due to lack of "bulk" in the diet. This way is by eating KELLOGG'S ALL-BRAN, a crisp, delicious cereal, and drinking plenty of water. ALL-BRAN, unlike many medicinal laxatives, acts principally on the contents of the colon and helps you to have easy, normal elimination. ALL-BRAN is made by Kellogg's in Battle Creek. If your condition is not helped by this simple treatment, better see your doctor.

Justice Catches Up
Justice, though moving with tardy pace, has seldom failed to overtake the wicked in their flight. —Horace.

CALLUSES

To relieve painful calluses, burning or tenderness on bottom of feet and remove calluses—get these thin, soothing, cushioning pads.

Dr. Scholl's Zino-pads

Lightening Labor
Men, even when alone, lighten their labor by song, however rude it may be. —Quintilian.

Black Leaf 40

KILLS LICE
"Cap-Bru's" Applicator makes "BLACK LEAF 40" SO MUCH FARTHER JUST A DASH IN FEATHERS... OR SPREAD ON ROOSTS

To the Unprepared
Misfortunes come at night (when least expected). —Grimm's Fairy Tales.

Sentinels of Health

Don't Neglect Them!
Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out. Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance. The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed by the country over. Insist on Doan's. Sold at all drug stores.

DOAN'S PILLS
