IF IT ever seemed to you that the walls and ceiling of an attic room were coming down on your head you know how the owner of this room felt before she began to experiment a bit with wallpaper and furnishings.

Large samples of wallpaper were thumbtacked in place to test them. Stripes only accented the slant of the walls. Plain papers brought out angles with sharp shadows. Large designs made the

room seem smaller. Wide borders made the ceiling appear to be even lower. But when a paper with tiny evenly spaced pattern and narrow border was tried all these defects seemed to melt away. The long curtains with ruffles on three sides also helped to make the ceiling seem higher. Pink and white striped material to repeat the wallpaper color was used for the chair cover and dressing table skirt. The chair is a remodeled rocker and the orange crate dressing table has hinged arms. Directions for them may be found on pages 4 and 19 of SEWING, Book 5.
