

Governor Griswold's RECORD

Dwight Griswold

Saved \$336,000 from legislative appropriation during first year — changed overdraft in general fund to a cash balance of \$1,700,000 in 21 months—reduced state tax levy .32 mills after first year — reduced assessed valuation of real estate 17 million dollars.

Has worked faithfully to protect Nebraska in application of draft and rationing laws and to relieve the labor shortage—has co-operated in establishment of many war industries in Nebraska—provided funds and leadership urging the manufacture of rubber from farm products.

With the world in a turmoil, and rising costs everywhere, Nebraska's government has been kept sound and solvent.

Hens May Suffer "Hidden Hunger" Without Owner Knowing

Like a thief in the night, a slight vitamin or trace mineral deficiency robs hens of the vitality it takes for good laying. This ailment doesn't give a man a chance because a slight deficiency of vitamins, "hidden hunger" some folks call it, doesn't show up. Hens may look healthy enough. They lay, but not like they could if their mash contained all the vitamins they need.

To help wipe out partial deficiencies SHAMROCK LAYING MASH is supercharged with VITAMELK, special laboratory ingredient from SHAMROCK'S affiliated laboratory. It supplies extra amounts of all the 11 vitamins which authorities say hens need. "Hidden hunger" may be robbing you of profits. Feed SHAMROCK LAYING MASH, which is strengthened 16 ways against "egg laying slump."

Ross Amspoker For State Senator

Ross Amspoker, of Springview, will appreciate the support of the voters of the 28th Legislative District (Holt, Boyd, Rock and Keya Paha Counties) in his campaign for State Senator at the November 3d election.

Mr. Amspoker is familiar with conditions in North Nebraska, is an experienced legislator, a careful and prudent business man, with an active personal interest in economical, efficient, pay-as-we-go government.

Look for the Name "Ross Amspoker" On the Non-Political Ballot

What Will Win the War?

THERE are many statements, loosely circulated, to the effect that food, faith, hope, courage, production, unity, etc., etc., each is the one thing that will win the war. However the truth is that military might will win — nothing else. The things mentioned above, and many others, are highly important, some vitally so. But let's not be distracted from the fact that FORCE is what we must have to win. Let's band our every effort to build the greatest striking force of all time.
