

# Farmers! Stockmen!

As gas rationing looms ahead, buyers are stocking their feedlots as soon as possible, while they are still able to drive to the cattle country.

If you have cattle to sell, get them to market, soon, before the demand drops off. Bring them to this market for top returns.

We will continue for a few weeks to sell all calves at the opening of the cattle auction.

### AS REPUBLICAN NOMINEE For Holt County Clerk

I should like very much to meet all the voters personally, however, present conditions make this impossible.

Since closing the Assessor's books last August, I have been tied down at my ranch almost all of the time because of the shortage of help. We must keep up production and win this war. If we fail, there will be no more elections.

Your vote and support in the November 3rd Election will be appreciated
