## BREEZES FROM THE SOUTHWEST

By Romaine Saunders  
Atkinson, Nebr., Star Route No. 5.

I do not take sympathetically to petition candidates. If a fellow can not go the regular route in his quest for office he is a political misfit and not entitled to public trust.

John Brown, Swan's venerable bachelor rancher, sold several truck loads of cattle from his herds last week, 120 calves and 30 head of mature cattle. They pretty near made a night of it in loading, as some of these freight-car size trucks got stuck as they drove onto the road from the ranch. Had to be unloaded, the cattle hazed again into the corrals and reloaded. They were weighed in Chambers and taken east to the corn belt.

With the encouragement of the secretaries of the army and navy, forty-nine senators defeated a dry proposal in the senate designed to protect our 18-19 boys if taken into the armed service. These men—statesmen who hold in fettered grasp the destiny of our nation—were frightened by the specter of "the long blue nose of prohibition," but apparently have no fear that some of our boys may acquire the dark red nose of the old soak. As it appears at this distance, liquor and labor unions have a strangle hold at Washington, which may yet invite retribution to raise naked fist in avenging fury.

Reminiscent of the Hearst yellows, there was distributed over our mail route last week, doubtless elsewhere in the state, a paper printed at Washington, D. C., called Labor. It's four pages of glaring type, pictures of senators and paneled columns had nothing to do with labor. It was a broadside at Nebraska hayseeds in behalf of Uncle George. Isn't it magnanimous for a great plunderbund to be formed of senators in this grave hour to enlighten we prairie ignoramuses how to vote? But its sweetness has all been wasted on the desert air out this way.

Preceding the last war in which the United States was involved with no allies the eloquent orators curled the hair of Americans and set the country wild to get our fleet and army and rough riders into action. Heaven knows there is a multitude of voices today, but none have the punch necessary to really get us going. Nebraska's John M. Thurston stood in the front with the best of them in the United States senate in those stirring days that saw the liberation of Cuba. I quote the closing of Senator Thurston's speech on one occasion and find nothing in the oratory, literature or clap trap of today to compare with it. "Intervention means force," said he. "Force means war. War means blood. But it will be God's force. When has a battle for humanity and liberty ever been won except by force? What barricade of wrong, injustice and oppression has ever been carried except by force? Force compelled the signature of unwilling royalty to the great Magna Charta; force put life into the Declaration of Independence and made effective the Emancipation Proclamation; force beat with naked hands upon the iron gateway of the Bastille and made reprisal in one awful hour for centuries of kingly crime; force waved the flag of revolution over Bunker Hill and marked the snows of Valley Forge with blood-stained feet; force held the broken line at Shiloh, climbed the flame-swept hill at Chattanooga, and stormed the clouds on Lookout Heights; force marched with Sherman in the valley of Shenandoah, and gave Grant victory at Appomattox; force saved the Union, kept the stars in the flag, made 'niggers' men. Others may hesitate, others may procrastinate, plead for fruther diplomatic negotiations; but for me I am ready to act now, and for my action I am ready to answer to my conscience, my country, and my God." Orator like Thurston stirred the country to action. That action was spontaneous and the results decisive. There is no voice among the multitude today that appeals to the American heart in overwhelming conviction.

Mrs. H. O. Russ, Mrs. R. E. Armbruster and Henrietta Schrier spent Wednesday in Norfolk.

## Jack Grady Graduates At Shepherd Field

From Post Headquarters and the office of Public Relations Shepard Field, Texas, we received the following: "Pvt. John F. Grady, son of Mr. and Mrs. Henry D. Grady of this city, has been graduated from an intensive course in aviation mechanics and now is prepared to blast the axis. Shepard Field, near Wichita Falls, Texas, is one of the many army schools in the Army Air Forces Technical Training Command which trains the specialist technicians who maintain our bombers and fighterplanes in perfect combat condition. He is now eligible to become crew chief on a bomber and to win a rating as corporal or sergeant.

Before entering the school, he was trained at one of the basic training centers of the Air Forces Technical Training Command and learned to fight the axis with other things besides the tools of his trade. Men trained by the Command are versed in the art of protection and offense as well as repair.

## Americans Putting Up Tough Scrap In Solomons

According to reports Thursday morning the United States doughboys held their own on Guadalcanal, island of the Solomon group. They are hemmed in a corridor six miles long and three miles wide, while the Japs hammer them from three sides with heavy artillery and tanks. However the War Department was optimistic as to the results of the battle, which is now in its seventh day.

Late Wednesday night (our time) General Douglas MacArthur, our sixty-two year old hero of World War two, disavowed any political aspirations. It had been reported that he might be a candidate for president in 1944. He said "I started as a soldier, and I shall finish as one."

Private Bill Taylor, a former resident of the Opportunity section of the county who is now stationed in Colorado, attended a venison dinner last Sunday at the home of his sister and brother-in-law, Mr. and Mrs. Art Henrich of Fort Collins, Colorado. Others in attendance at the family gathering were: Mr. and Mrs. John Taylor of Bellevue, Col., Mr. and Mrs. I. A. Bruce of La Porte, Col. As this was just after the deer season in that section of the Rocky mountains, the main dish served at the meal was venison.

Mrs. W. A. Ellis, of this city, is in a hospital at Fort Dodge, Iowa, where she submitted to a major operation on October 17. She is getting along nicely and expects to be released today. Mrs. Ellis went to Fort Dodge about three weeks ago to visit her brother, A. W. Wiley and family and also to receive medical treatment. Her many friends in this city and county will be glad to learn that she is getting along so well.

O'Neill relatives received word the first of the week that Jack Grady, who has been in school at Shepherd Field, Texas, for several months, has been selected for the officers training school and has been transferred to Pensacola, Florida, where he will attend a Cadet training school.

This office is in receipt of a letter from Jack Horiskey, of Cody, Wyoming, enclosing a renewal of his subscription to The Frontier. He says they enjoy its weekly visits, especially he and Walter. They send best wishes to their many friends in the "old home town."

Mrs. Frank Biglin entertained nine guests at a surprise dinner party at her home Tuesday evening, in honor of her daughter, Betty, who will leave soon for the west coast. The guests presented her with a lovely gift.

Mrs. Tom Enright and daughter, Loretta, went to Omaha Wednesday, where Loretta will attend the State Teachers convention.

Commissioning of four Nebraskans as second lieutenants in the army engineers at Fort Belvoir, Va., is announced. They are Joe J. Dawson and Vincent E. Brownell, both of Omaha; Earl E. Luebeck, Norfolk; George E. Wrede, 1009 G, Lincoln.

L. George Wrede.

## Truckers Will Have To Sign Up

Anyone who has their application may register previous to above dates if it is more convenient.

We have unloaded one car of wheat for feed and expect another car next week. If you have not placed your order for your winter's supply of poultry feed, do so at once. The price is 79c per bushel.

Holt county has done exceptionally well—2,373,972 pounds—in the scrap drive considering the late start. This is due to the united efforts of the following persons in charge:

Al Berner, Stuart; Frank Schnase, Atkinson; Mrs. Ethel Cole, Emmet, County Co-ordinator; John Sullivan, O'Neill; Art Martquardt, Ewing; Cleo Alderson, Chambers; Mrs. Ray Snell, Page; Earl Watson, Inman; Miss McCullough, O'Neill.

I wish to thank all for the united effort in this Scrap Drive. I also wish to thank the teachers of the county for their fine cooperation. There were 16 schools which have won the Ak-Sar-Ben Victory Cross.

Harry E. Ressel.

## MECHANICS COURSES

The Motors Mechanics courses originally planned to start soon will not be started unless there is an enrollment of at least twelve. So far there have only been about six or eight persons that have expressed their desire to take the course.

If you are interested and desire to enroll, drop A. L. Mathis or C. F. Grill, O'Neill, Nebr., a card immediately and give your name and address.

## The Frontier's Honor Roll

The following Frontier readers have either called or remitted subscriptions during the past three weeks, for which they have our thanks. Several new readers have also been added this fall and we hope they will enjoy the weekly visits of The Frontier as much as many of our old readers who have been reading the paper for forty or more years. Let them come we still have room on our lists for more.

## If You Want Gas You Will Have To Register

The Holt County War Price and Rationing Board at O'Neill, Nebr., in a statement today, urges all car owners to obtain from their tire or gasoline dealer, or from the Rationing Board Office, at once, an applicant blank for basic gasoline rationing.

Basic Registration for gasoline rationing will take place at the Public schools throughout Holt county on November 9, 10 and 11th, and urges all car owners to obtain their application, study it carefully, and fill it out in detail, particularly part "B" in which is listed the serial numbers of the five tires which the car owner is allowed to keep under the rationing program.

Inasmuch as all passenger tires in excess of five per passenger car must be disposed of before the applicant can properly execute part "B" of the application, it is necessary that car owners take all excess tires to the nearest Railway Express Office at once, and obtain a receipt therefor.

The registered car owner must sign the application, even though his agent or another member of his family, may present the application at the school house.

Failure to comply with these provisions will cause rejection at the school house on November 9, 10 and 11th, in which case it will be necessary for the applicant to wait until after November 25 to obtain his gasoline coupon book.

## Lieut. Mike Hartly Home On A Visit

Lt. Mike Hartly came home last Saturday afternoon from Fort Banning, Georgia, where on October 21, 1942, he received his stripes as a Second Lieutenant, after three months training in a Cadet school at Fort Banning. He will visit his parents, Mr. and Mrs. Ben Hartly and other relatives until Friday, when he will leave for Portland, Oregon, for a couple of days visit with his brother and will then go to Camp Adair, Oregon, where he will be stationed. Mike is the third O'Neill boy to win his stripes in the army, the others being, Lt. John Gallagher, son of Mr. and Mrs. R. E. Gallagher; Lt. Hugh McKenna, son of Mr. and Mrs. C. F. McKenna. Holt county boys make good, no matter in what line of endeavor they enter.

## Marriage Licenses

Raymond E. Weigt, Menno, S. D., and Irene Stahl, Freeman, S. D., on October 27.  
Glen R. Bonnet, Carter, S. D., and Ruth D. Werner, Bonesteel, S. D., on October 23.  
Sanford Novak, Bijou Hills, S. D., and Helen Hines, Letcher, S. D., on October 25.

## CARD OF THANKS

We desire to express our heartfelt and sincere thanks to the many kind friends and neighbors who were so kind to us during the illness and following the death of our beloved wife and mother. Your kindness to us in our hour of sorrow will ever be held in grateful remembrance.—Jerrold Dusatko and Children.

## HOLT CO. STOCK TOPS CHICAGO MARKET

Raymond Garwood, (left), well known Holt county cattleman living southwest of Atkinson, had the honor on October 21 of seeing fifty-one choice Angus heifers, produced in his herd, set a new top on the Chicago market. The price paid was \$16.50, the highest since September of 1937.

The man who bought the Garwood Blacks last October, and who fed them for nearly a year, was William Backhaus (right) of Schleswig, Iowa. In the center, and also very much interested in market-topping Angus cattle, is W. H. Tomhave, secretary of the American Aberdeen-Angus Breeders' Association, Chicago.

The Holt county Angus breeder drove to the western Iowa town to accompany Mr. Backhaus to

## EDUCATIONAL NOTES

Most of the time I try to keep "scrap accounts" pretty quiet in the county superintendent's office, but the "Scrap Campaign" in schools this fall is something of which we may well be proud. The children of Holt county have done especially good work. All reports are not in, but to date, (Tuesday, October 27th), sixteen rural schools are eligible for the Ak-Sar-Ben Victory Flag, while about seventy percent of our rural schools are receiving prize placards as "100% Scrappers." A list of Holt county rural schools, with their collections and averages per pupil follows:

- Dist. No. 5, Mildred Stuart, O'Neill, 1,440 lbs., 206 lbs.
- Dist. No. 8, Armella Pongratz, O'Neill, 1,920 lbs., 148 lbs.
- Dist. No. 9, Doris Scofield, O'Neill, 786 lbs., 197 lbs.

Dist. No. 18 1/2, Ina Mae Noddy, Ewing, 5,430 lbs., 603 lbs.

This makes a total of 193,497 pounds of scrap collected and reported by writing to this office. Some schools have collected but as yet no official report has been made of their collection.

Transportation has been a big item to consider in all of the rural schools. Many school officers and parents have been most kind and unselfish in helping these schools perform in such an excellent response to the call for scrap.

ELJA McCULLOUGH,  
County Superintendent.

## Old Timer Has Big Reading Job Ahead

This office is in receipt of a letter from John S. Kirwin, of Pocatello, Idaho, enclosing a renewal of his subscription to The Frontier. Mr. Kirwin was a resident of this county in the early eighties, but for several years has been in the west. He has many old friends in this section who will be glad to learn that he is still on the go. He says: "About a year ago I had decided to retire from work, after some sixty years of construction work of various kinds, scattered all over the west. But times being what they are, I could not loaf any longer while there is serious work to do, so I have been here for five months on an army air base, which is being built here by Morrison-Knudsen Company, of Boise, with which company I have been connected for twenty-five years. In a few days the work will be finished, and I am then returning home to Boise, where there are copies of The Frontier of the past five months awaiting me. Best regards to all friends and The Frontier staff."

## LIVE AND LEARN PROJECT CLUB

Mrs. Ray Johns was hostess to the Live and Learn Project Club Thursday, October 22, with Mrs. Bert Freed assisting. All members answered roll call but one. Mrs. John Zinky was a guest. The ladies gave a very interesting demonstration on storing and conserving food.

A vegetable dish was prepared and served at the luncheon, it was arranged on a large platter forming a V for Victory.

The quilt that the Club made during the summer was given away at the Hoskinson store on October 3. The proceeds, \$97.50 will be turned over to the Red Cross.

## Pleasant Day Project Club

The Pleasant Day Project Club held their first meeting of the season at the home of Mrs. Wm. Grutsch.

A covered dish luncheon was served at noon, in which the lesson, Vegetables and Vegetable Cookery, was demonstrated by the leaders. The next meeting will be held at the home of Mrs. Henry Vequist on November 11th.

Judge D. R. Mounts and Reporter Ted McElhaney went to Brown and Keya Paha counties Tuesday to hold court.

## Mr. and Mrs. Howard Rouse Entertain Relatives and Friends Last Sunday

A get together gathering was held at the Howard Rouse home on Sunday, October 25, in honor of their son, Pvt. Lawrence Rouse of the air base at Stockton, Cal. Mr. Rouse is here on a fifteen day furlough and leaves next Tuesday to return to Stockton. Those present at the gathering were: His parents, Mr. and Mrs. Howard Rouse and his brothers, Lloyd and Delbert, Arthur Rouse, Mr. and Mrs. Herbert Rouse, Marjorie and Marvin, of near Inman; Mr. and Mrs. Gerald Riser and baby Raymond, of Stuart; Mr. and Mrs. Guy Young, Richard, Mary and Stanley, of Atkinson; Mr. and Mrs. Ralph Young, Thelma, Edward and Helen; Mrs. Carrie Borg and Marvel; Miss Maud Rouse, Mrs. F. H. Griffith of O'Neill; Mr. and Mrs. Sam Robertson, Irene and Raymond; Mrs. A. L. Borg, Laverne, Helen, Donald, Dwaine; Mr. and Mrs. Dan Hansen, Kenis, Willie, Lila and Bernice; Mrs. Christine Walters, Clint McMillan, of Meek; Mr. and Mrs. Henry Walters, Florence, Lavone, Arlene and Allen and Mrs. Geo. Rock of Redbird. The ladies served a bountiful dinner which was enjoyed very much.

## Former O'Neillite Says Hastings Booming

The editor is in receipt of a letter from Lee Downey, former Holt county boy and former agent of the Burlington railroad here and now holding the same position in Hastings, extending his subscription to The Frontier, in order, he says, to keep posted on the happenings around his old stamping grounds. Lee says in his letter: "Hastings is a mad house with the Naval plant going in. It covers 48,960 acres in Adams and Clay counties and will consist of some 1300 buildings, 90 miles of railroad and 200 miles of highways. The railroads will have enough carloads in construction alone to make a solid train 333 miles long. Our worst headache here is to get railroad help. We have had to make a lot of new jobs at good rates of pay but men are hard to find. We haven't been over to O'Neill for a year, but no vacations for the duration now." According to the above Hastings must be one of the busiest cities in the state.

## Livestock Prices Rule Steady To Strong

Nominally steady to strong prices were the rule at the regular weekly livestock auction here last Monday. Receipts were moderately heavy, though the peak of the cattle movement in this section appears to have been reached. Definite truck shortages began to show up, which fact makes it increasingly difficult for farmers and ranchers to market their livestock.

An extreme top of \$14.25 claimed a few choice lightweight steer calves, but the practical price range was from \$12.75 to \$13.75. Heifers reached \$13.00 for an extreme top; bulk made \$11.50 to \$12.80.

Yearling steers cashed between \$11.50 and \$12.85, with a few going higher. Heifers in this class paid \$11.00 to \$12.25. Quite a lot of plain cattle were represented in this class.

Heavy steers (two-year olds), paid from \$11.00 to \$12.25; heifers in this class ranged in price from \$10.75 to \$11.75.

Good beef cows showed price strength at \$10.95 for the extreme top. Bulk of the good beef cows claimed \$9.50 to \$10.50. Plainer quality beef cows cashed at \$9.00 and down. Canners and cutters placed from \$6.50 to 7.50. Bulls pushed upwards to \$11.00.

Butcher hogs bulked from \$14.10 to \$14.20 with a few reaching \$14.25. Bulk of the sow offering moved at \$14.05 to \$14.15. Feeders averaging 110 pounds topped at \$17.35.

About 100 head of sheep sold here last Monday. Lambs brot \$11.85 per hundred. Next auction on Monday, November 2.
