ORDINANCE NO. 206-A

AN ORDINANCE to be known as the "Blackout Ordinance"; providing for Mayor to promulgate and carry out precautionary measures against air-raids necessary for conduct of persons and to protect life and property; Mayor empowered to make, amend or rescind such general orders, rules and regulations as may be deemed necessary not inconsistent with orders, rules or regulations of Army or Office of Civilian Defense; Mayor authorized to delegate authority in writing; authorizing law-enforcing authorities to enforce orders, rules and regulations of the Act; authorizing Mayor to appoint in writing duly certified air-raid wardens, fire-watchers, auxiliary personnel and other civilian defense workers and to remove them; providing that neither city, nor its agents or representatives, in good faith complying with orders, rules or regulations, shall be liable for injury or death to persons or damage to property as the result of any such activity. The foregoing shall not affect the right of any persons to receive benefits or compensation to which he might otherwise be entitled under the Workmen's Compensation Law or any pension law or any Act of Congress.

Section 4. Penalties.

Any person violating any order, rule, or regulation promulgated pursuant to this Ordinance shall, upon conviction thereof, be punishable by fine not exceeding \$100.00 or imprisonment for not exceeding 90 days, or both.

Section 5. Effective Date and Termination.

This Ordinance shall take effect and be in force from and after passage and publication as provided by law and shall terminate at the expiration of the War.

Passed by the City Council this 1st day of December, 1942.

JOHN KERSENBROCK,
Mayor.

BE IT ENACTED BY the City Council of the City of O'Neill, Nebraska.

Section 1. Blackouts and Other Precautionary Measures.

(a) In order to protect life and property in this city, the Mayor is hereby authorized, empowered, and directed to promulgate and carry out throughout this city precautionary measures against air raids and other forms of attack, such measures to include practice blackouts and blackouts, radio silences, and such other measures as will effect the discontinuance of any activity which may assist an enemy in accomplishing his objective, and precautionary measures to minimize the loss of life or property which might result from such attacks, and precautionary measures which may be necessary for the conduct of persons during practice blackouts and blackouts, and to make, amend, or rescind such general orders, rules, and regulations as may be deemed necessary in connection therewith, not inconsistent with any order, rule, or regulation of the Army of the United States or of the Director of Civilian Defense.

(b) The Mayor is authorized to delegate in writing to such agencies or persons as he may designate or appoint for such purpose, the authority granted by this Ordinance.

(c) Without limiting the generality of the foregoing provisions, the orders, rules, and regulations heretofore authorized may include provisions for uniform air raid signals, the control of traffic movements of emergency or other vehicles, evacuation of residents, conduct of persons during practice blackouts and blackouts, lighting of streets, buildings, and vehicles, and noises of all kinds.

(d) The law-enforcing authorities of the city are authorized and directed to enforce the orders, rules and regulations made or issued pursuant to this Act.

Section 2. Appointment of Air Raid Wardens and Others.

The Mayor, or such agencies or persons as he may designate or appoint in writing for such purpose, is hereby authorized to appoint in writing duly certified air raid wardens, fire watchers, auxiliary personnel, and other civilian defense workers, and to remove them from office for cause.

Section 3. Immunity from Liability.

Neither the city, nor the agents or representatives thereof, in good faith carrying out, complying with, or attempting to comply with, any order, rule, or regulation promulgated pursuant to the provisions of this Ordinance, shall be liable for any injury or death to any persons or damage to any property as the result of any such activity. The foregoing shall not affect the right of any persons to receive benefits or compensation to which he might otherwise be entitled under the Workmen's Compensation Law or any pension law or any Act of Congress.

Section 4. Penalties.

Any person violating any order, rule, or regulation promulgated pursuant to this Ordinance shall, upon conviction thereof, be punishable by fine not exceeding \$100.00 or imprisonment for not exceeding 90 days, or both.

Section 5. Effective Date and Termination.

This Ordinance shall take effect and be in force from and after passage and publication as provided by law and shall terminate at the expiration of the War.

FEEDS MAY BE "STRONG" TODAY, "WEAK" TOMORROW

The Texas Experiment Station tested twenty eleven different localities during three seasons. Some samples had nearly four times as much vitamin A as others. Colorado reports that the third cutting of alfalfa has 50% less vitamin B than the first cutting. Another report shows some skim-milk had 66.3% less vitamin G than other samples. This shows that an egg mash could be "strong" today but "weak" tomorrow in health promoting vitamins unless extra vitamins are added to the grains by a concentrate.

Much of the reason for the extra pushing-power of Shamrock Laying Mash is VITAMELK, special concentrate of 16 vital vitamins and trace minerals that is added to Shamrock Laying Mash. Feed this vitamin-rich "16 cylinder" lay mash. Costs less than most nationally advertised feeds. Shamrock Laying Mash is made and sold by

Turn In Old Silk And Nylon Stockings

Local chapters of the American Legion Auxiliary are sponsoring a drive for old and worn out silk and nylon stockings. As is well known, the entire supply of raw silk used to come from Japan, and is therefore now cut off. Silk is the only substance of which powder bags may be made which burns out entirely when the charge is fired in one of Uncle Sam's big guns, leaving no dirt or ashes behind to foul the gun barrel. The nylon will be used chiefly in making parachutes. Women who save their old hose, therefore, and turn them in will be directly aiding the war effort. They should be turned in to a hosiery dealer, who, when he accumulates 100 pounds, will ship it to the proper receiving center.

A. C. A. Notes

The loan rate on 1942 corn in Holt county will be 59 cents for No. 3 or better yellow or white corn. We are now taking applications for same. The requirements are similar to previous years.

Our third and fourth cars of feed wheat are expected daily.

We have erected an exchange and for sale bulletin board in our office. We ask that all people in the county make use of it.

Remember, we are to increase pork production in 1943, in order that our boys will not have to fight on an empty stomach.

If there are any holders of certificates of war necessity who are not satisfied with the amounts allotted them, please notify this office—we will send out appeal forms to be filled out.

Farley Has It Sized Up

Judge James C. Quigley, Democratic national committeeman, was in Omaha recently to attend a complimentary dinner given in honor of James A. Farley, former Democratic national chairman, who is now touring the country on business matters. When interviewed, Mr. Farley said that the Republican landslide was caused by the people's resentment at "being pushed around." He said that people would stand just so much, and then revolt. Mr. Farley, it has long been suspected, is not a very good New Dealer.

Tomlinson-Watson
Wedding Nov. 25th
Virgil Tomlinson, son of Mr. and Mrs. Arthur Tomlinson, and Virginia May Watson, daughter of Mr. and Mrs. E. L. Watson, of Inman, were married Wednesday, November 25th at 5:30 p. m. in the Methodist church at Wichita Falls, Texas, by Rev. Paul Martin. Miss Vera Schollmeyer of O'Neill, aunt of the groom, and Harvey Zachow of West Allis, Wis., a friend of the groom, attended the couple.

Both bride and groom attended Inman high school and graduated with the class of 1939. Mr. Tomlinson is in the Mechanical Aircraft School at Shepard Field, Texas. Mrs. Tomlinson returned home Sunday. She is clerking in her father's store and will remain here for the present. The best wishes of all their friends go with them.

460 Persons Met Death In Boston Nite Club Fire

A ban was clamped on all amusement and dancing in 1,161 Boston night clubs, hotels and restaurants, as an aftermath of the Coconut Grove fire last Saturday night, when 460 persons met their death. Separate city and state probes produced testimony that the night club building was of "tinderbox construction" and that flames had raced like lightning through draperies that "looked like gauze."

Assistant District Attorney F. T. Doyle opened a separate inquiry into the fire, and announced that all testimony would be private "in view of the fact that criminal prosecutions may result later." A Boston fire department inquest heard for the first time that a sailor had unscrewed an electric light bulb in the basement of Melody lounge of the club, where the fire started, so he could "mug his girl."

Stanley F. Tomaszewski, sixteen year old bus boy, who said he innocently started the fire, when he dropped a match into one of the palm trees which decorated the club, while trying to replace a light bulb which had been removed by one of the patrons, is one of the principal witnesses.

Scores were trampled and smothered to death in the jam of fleeing, screaming, fighting humanity that piled up and blocked the four exits. Over 1,000 persons were jammed into the night club which, although, it was founded by the gangster, King Kong Solomon, is Boston's most fashionable.

The club is entered by one or the other of two revolving doors, set side by side in a ten-foot foyer. There is a small door from the street into the ground floor cocktail lounge. That the two revolving doors, and an exit from the part of the basement devoted to storage and service and no wider than the door of a telephone booth, were the only exits.
