"Our men in the service in this war have pretty definite ideas about what they're fighting for and the way they want to find our country when they come back...don't you think so, Judge?" "I certainly do, George. Just a week or so ago I was reading in a national magazine the

results of a poll taken among our soldiers. Each man was given a questionnaire con-taining twenty-five 'assignments' for the folks at home. He was asked to check the first five in order of importance to him.

"Out of thousands of replies the first 'assignment' to the folks back home was 'Make sure I'll have a job in my chosen field of work when I get back'. Number 5 was 'Make sure that Prohibition isn't put over on us again."

"When the men in the last war came home and found prohibition had been put over on them behind their backs they were sore as boils. You can see from what I just told you how they feel about it this time, too."
