## OWN Your Own Farm

I have a number of farms ranging from 160 acres to half-sections, also two or three ranches, all priced to sell with terms that are unusual.

You can own one of these with only 10% cash when sale is made and 10% when deed and possession is given on March 1st, and a mortgage for the unpaid balance due in five to 20 years, with interest rate of 4% the first five years and 4½% thereafter.

Come in and go over my listing. There might be just what you have been looking for.

I also have a 5-acre tract with modern house, and some good buys in town property.

**AAA News Notes**  
The scrap drive which ended May 22 has been a disappointment to me as chairman, and I am sure the same can be said by the state salvage chairman. We have had wonderful co-operation in many townships. From the towns in the county, Chambers ranks No. 1 with 42,790 pounds. Our quota for the county was 3,245,140 pounds, and as reported only 39,380 pounds were sold. Considerable more has been collected but not as yet delivered. Regardless of the drive being

over, don't give up the "scrap." We have been informed that this office will be a clearing house for anyone in town who might want to help someone in the country can their vegetables for a share. Or if you in the country would like to have someone help you for a share, leave your name at our office.  
A car of feed wheat was unloaded at O'Neill the past week. More cars are expected soon. The sales price on this feed wheat is \$1.00 per bushel.

More Than \$350,000 Paid in 78 Counties For the Year 1942

\$26,700 Paid in 11 Northeastern Division Counties For 1942  
Consumers Tax Payments for 1942 totalled more than \$26,700 in the following 11 counties in which the Northeastern Division has property:  
Antelope County  
Boone County  
Boyd County  
Brown County  
Cedar County  
Cherry County  
Dixon County  
Holt County  
Knox County  
Pierce County  
Rock County

CHECKS totalling more than \$168,000 have been issued by Consumers Public Power District completing payment of last half of 1942 taxes in 78 of Nebraska's 93 counties. These payments bring the total taxes paid by Consumers for 1942 to more than \$350,000\*. Every city, county and community in which Consumers Public Power District has property receives its share. Of the total, nearly half (47%) goes directly for the support of public schools. The balance goes to help pay the cost of city, county and state Government and various tax supported public functions in Nebraska and the local communities served by Consumers Public Power District.

\*This represents taxes paid in counties where Consumers own and operate the properties—An additional amount of approximately \$24,000.00 is paid each year on property owned by Consumers but leased to others for operation.
