

New Commander, GOP Chairman, Danish Minister

Lord Louis Mountbatten, left, has been appointed head of the newly created Allied Southeast Asia command. The recapture of Burma was believed to be one of his early objectives. Center: Harrison Spangler, Republican national chairman. He presided over the first session of a meeting of Republican leaders who were expected to sound the keynote of the GOP 1944 platform. Right: Hendrik De Kauffman, minister from Denmark in exile in the United States. His countrymen have been showing open resistance to their Nazi invaders with a wave of uprisings and strikes. Many German soldiers were stationed in Copenhagen.

They Scared Japanese Troops From Kiska

Moving speedily and cautiously, American and Canadian troops are pictured as they neared the island of Kiska on the first day of operations there. They are transferring to a landing craft. The Japanese, in their first such action of the war, made no attempt to defend the island. They fled, allowing the Allies to take it without a battle. According to Vice Admiral Thomas C. Kinkaid, commander of the North Pacific forces, the fall of Kiska puts America in an offensive rather than a defensive position in the Aleutians. This new victory makes the use of land based bombers against Jap bases in the Kurile islands more feasible.

Embarck ou Boujmaa, one of the feared Goumiers attached to the U. S. army, sharpens his bayonet in preparation for a nightly foray. Goumiers use their own battle methods, wear no uniform, and rely mostly on sharp steel to stop the enemy.

ATC Flies Men, Supplies to World Battlefronts

Planes of the Air Transport command carry men and material to every battlefront of the United Nations on rigid schedules enabling Allied armies to continue their advances and maintain supply lines. Upper left: An unusual cargo for an ATC plane are these women civil service employees who are being flown to a new post in a C-46 plane. Center: An ATC plane soars over Mount Whitney in the Sierra Nevada mountains. Rough terrain, rough weather, and extremities of northern and southern climates are no deterrent to this service. Lower right: A caterpillar crane lifts a heavy box into one of the giant planes.

Victorious Crews, Planes Back Home

One of the three B-26 bombers that were flown back to the factories in which they were built is shown just after it was landed at Baltimore, Md., by Lieut. Richard Meldon. These planes and their victorious crews took part in 150 missions against the Axis, shot down 16 enemy fighters, and sank eight Axis ships and three submarines.

Amphibious Paradover in Action

Sammy Renick, well-known jockey, has probably fallen from a mount to the hard ground more than once during his racing career. He is pictured leaping into a swimming pool in Beverly Hills, Calif., with an umbrella in tow. Its purpose no doubt is to cushion his landing even though water is much more resilient than ground.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery. Symptoms may be nagging headache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!
