If the people suffer a coal shortage this winter, the blame will have to be laid squarely in the lap of government and labor, because the wage, labor, hour and price question is wholly in their hands. If workmen could only see it, they are undermining the very freedom they enjoy by forcing stricter government control of their actions in order to maintain coal production—and production will be maintained. Only the most foolhardy labor leaders will sanction labor trouble in the coal mines now.

Urgent Demand Made For Waste Paper

H. M. Faust, Director, Salvage Division, WPB, Washington, D. C., sent the following telegram to all State Superintendents:
"Today America's paper mills producing for war are facing a shortage of waste paper. Situation has caused some mills to shut down and threatens others. Many network radio programs are carrying an emergency message asking the public to save every kind of waste paper and send it to war. One of these programs, Truth and Consequence, has offered to broadcast its show from the school that collects the greatest amount of waste paper per pupil from November 8 to 15 inclusive. Would appreciate your advising local school authorities of this. They should send tabulation of results to Truth or Consequences Paper Drive, National Broadcasting company, New York, N. Y. Results which should include number of pounds collected during this period and number of pupils in school must be mailed not later than midnight November 15 and received by November 24."
Paper plays an important part in the war. From the day a soldier goes to war he is dependent on paper. From his draft card to his honorable discharge, his records are kept on it.
His rations are packed in it; his cartridges are wrapped in it; his shoes are lined with it; his letters are written on it.
His barracks are built with paper wallboard, paper roofing, paper insulation. He shoots at paper targets, eats from paper plates, drinks from paper cups. His battles are planned, his orders are issued on paper.
Literally he lives, trains, travels and fights with paper his indispensable ally. And of course, his "honorable discharge" will be handed to him on a piece of paper—after a beaten Axis has signed the peace terms . . . on paper!
Every scrap of paper is needed to help win the war especially brown papers and containers. Your old . . . boxes, books, straw bags envelopes, corrugated paper, newspapers, magazines, are urgently needed for conversion books, and waste basket paper, into fighting materials.
How to save your paper for easy handling:
Newspapers—Fold them flat (the way the paper boys sell them) and tie them in bundles about 18 inches high. Magazines—Tie them in bundles 18 inches high—Corrugated boxes and cartons—Flatten them out and tie them in bundles about 12 inches high.—Wastebasket paper (wrappers, envelopes, etc.) Pack down in a box or bag so that it can be carried. Please tie the bundles securely so that the children can handle them easily.
Holt county children are getting this information about a week earlier than other schools, so let's get in there and win.
Mrs. George Rector, County Chairman Women's Activities.

J. C. Pew, Air Corps instructor of Phoenix, Arizona, and William McAllister of Atkinson, and their wives, were in the city Wednesday, Mr. Pew being on his way back to camp after spending a furlough with relatives at Atkinson. Mrs. Pew and Mrs. McAllister are sisters.
Mr. and Mrs. G. W. Reising, of Grand Island, will move to this city some time this week and will make their home here in the Walter Stein residence. He will be employed by the International Harvester company.
Mrs. Lawrence Merriman, who suffered a leg injury at the football game Monday night, went to Sioux City on Wednesday for medical care.
Dr. L. A. Burgess left Sunday for Sioux City, where he attended the Tri-State dental meeting. He returned home on Tuesday.
