of the peace. On Saturday evening, November 3, C. E. Butler and Miss Edith Smith, both of Atkinson, were quietly married at the home of the bride's parents, Rev. J. A. Abbott officiating. Again on Sunday, October 4, at the home of the bride's parents at Dorsey, Claud Baldwin and Miss Hattie Davis were united for life.

The Frontier, Nov. 15, 1888.
Pat Biglin and sister, Lizzie, took Monday's train for their old home in Pennsylvania to spend the winter.

Overflowing with joy at the success of the republican party in electing the national, state and county tickets, the republicans of this patriotic, flourishing little city celebrated the event in a most becoming and elaborate manner on last Saturday evening.

In the ratification, which for grandeur and magnificence has not been surpassed or even equaled in the history of O'Neill, they were ably and generously assisted by friends throughout the county.

Mary, wife of John Hynes of this place, died at their home yesterday morning at 10:20 o'clock of consumption, after a long illness. Funeral services were held in the Catholic church here, after which the remains were taken to their former home at Manchester, Iowa, for burial.

The Frontier, Nov. 21, 1888.
H. C. Seelye has disposed of his bakery and grocery business to Mr. Bentley, the firm name being J. Bentley. The business will be continued at the old stand.

The Frontier, Nov. 29, 1888.

The Holt County Bank has purchased of Patrick Fahy the lot adjoining their building on the east, the consideration being \$1400.

Fifty Years Ago

The Frontier, Nov. 2, 1893.
The First National Bank people are having a cement walk built in front of their building.

One of the hottest campaigns in the history of the county has been waged during the past month and the result will be unknown until the votes are counted next Tuesday.

The Frontier, Nov. 11, 1893.
The populists carried the county last Tuesday, electing their entire ticket. Following are the officers elected: Treasurer, J. P. Mullen; clerk, William Bethue; sheriff, C. W. Hamilton; judge, George McCutcheon; superintendent, W. R. Jackson; coroner, E. T. Trueblood; surveyor, M. F. Norton.

Joe Mann took a pleasure trip to Boyd county this week.

Even populist Kansas has gone republican. But then there is Holt county—oh!
County division was defeated. The vote on the question in some townships was a surprise to many, especially in this city, where there were some forty votes cast for division. The unofficial vote as far

as can be learned is: For division, 1254; against, 1112. This falls considerably short of the required three-fifths and the young empire will remain intact.

The Frontier, Nov. 16, 1893.
The Atkinson Graphic speaks of O'Neill opposition to division as "stubborn stupidity." Certainly.

The burning of Doc Mathews' beautiful home is a matter of regret to our citizens aside from the pecuniary interests involved. The building was an ornament to the west side, and although it bears no external evidence of havoc, the inside is wrecked from center to circumference.

The Frontier, Nov. 30, 1893.
The governor's staff, and perhaps his excellency himself, are expected to be in O'Neill Monday evening to assist in the organization of the O'Neill Militia.

Married, at St. Patrick's church in Spalding, Nebr., on Thursday, November 30, 1893, Richard J. Dwyer to Miss Catherine O'Neill. The bride is the daughter of the late Gen. John O'Neill in honor of whom O'Neill was named. Mr. Dwyer is the son of John Dwyer of this city.

NEW ROUTE TO CHINA—U. S. Army Service Forces are extending their lines of supply foot by foot from Assam in Eastern India, across the northern Burma border, toward the heart of China. Army Engineers have cut and hacked a highway through the lush, green jungle, blasing hillsides and bridging rivers, streams and chasms. Above, this native bridge on the Ledo road was crossed by 21,000 refugees fleeing from Burma in 1942. These primitive spans are giving way to substantial structures erected by American Engineers. Right, a new river bridge in India. As an integral part of the Ledo road, this bridge will figure in the future United Nations plans to retake Bruma and reopen the Bruma supply line to China.

Pleasant Day Club

The Pleasant Day Club met with Mrs. Laura Sterns on November 3, with nine members present. After a covered dish luncheon the meeting was called to order by the president, Mrs. Lulu Sterns. The leaders brought us the lesson from the Green Light L. B. 295, a bill that was passed by the 1943 Unicameral Legislature which enables counties or groups of counties to establish and maintain a local public health department for the protection of its citizens. When we learn that Nebraska is forty-eight of all the states in regard to health, surely it is time for us to do something about it. Let's all pull together and get a local health department.

MEET ALFRED NELSON - MAN OF ACTION ON THE IRON ORE FRONT

Alfred Nelson, up at Stambaugh, Michigan, is a "North Western" car foreman with a 30-year service record.

Men like Nelson have a deep sense of loyalty. Their country must be served. But Nelson has four other reasons for carrying on—his uniformed sons. Alfred, Jr. is an army lieutenant; Dick is a staff sergeant; Bob's a sergeant in the Coast Artillery; Don is a private first class.

Stationed in the iron ore region, Al is a mighty important man. His uncanny ability to keep rolling stock in top condition helps to move the thousands of ore-laden cars that pass through his yards. And moving iron ore is a real job, for this is the precious material from which guns, ships and tanks are made, as well as most other fighting tools needed for victory.

Car Foreman Nelson represents a group of valiant, hard-working, conscientious railroaders. Though far from the fighting front, these men work day and night in freedom's cause. Their vigilance never relaxes—come what may, they keep vital materials on the move.

"North Western" salutes Al and his four sons. We're proud of them and those thousands of other "North Westerners" active on the Transportation and Fighting Fronts. They're the kind of American citizens who never call it "quits" until the things they are fighting for are achieved!

This Flour Helps You Bake THE BEST BREAD EVER ...or your money back!

10 STEPS TO Better Baking

1. USE FRESH YEAST. Old compressed, or dry yeast that has been stored too long will not leaven bread, or at best, gives poor results.
2. SCALD ALL LIQUIDS. If you don't scald milk, it may interfere with action of yeast.
3. USE ENOUGH LIQUID for easy-kneading. If dough rises slowly, and if not allowed to bake thoroughly, causes poorly flavored bread. Mother's Best Flour has high gluten content, needs more liquid than most flours. This saves you money, for you use less flour.
4. KNEAD DOUGH JUST ENOUGH—until it is smooth, elastic—doesn't stick to an unfloured board. Over-kneaded dough gets sticky, does not rise well. Under-kneaded dough causes poor-textured, streaked bread.
5. USE GOOD FLOUR—Use Mother's Best. Gives you a loaf with sweet, delicate flavor, smooth, close-knit texture, snowy white slices and a rich golden brown crust. This flour rises further—gives more loaves per sack!
6. LET IT RISE ENOUGH—but not too much. Over-rising causes poor flavored, porous loaf, pale crust and crumbles easily. Under-rising gives small, flat loaf, dark crust with blisters just under the crust.
7. HAVE YOUR OVEN RIGHT. In too cool an oven bread continues to rise too long. In too hot an oven bread does not rise enough, crusts over at once, or crust may even break.
8. REMOVE BREAD FROM TINS as soon as you take it from the oven. Place on racks so air circulates over entire loaf. Quick cooling keeps bread moist longer.
9. NEVER WRAP HOT BREAD, as it will mold quickly. Frequently scald all containers used for storing bread.
10. KEEP ALL UTENSILS SPOTLESSLY CLEAN, and in hot weather sterilize all bread baking equipment in boiling water.
