F. J. BRADY WRITES ABOUT NURSERY PONDS

Dr. C. H. Lubker, president of local Izaak Walton League, received the following letter from State President Frank J. Brady:
Atkinson, Neb., July 17, 1928.
S. E. Harn, Spencer, Nebr.
Dear Mr. Harn: Mr. Lewis of the Clarke, Lewis & Co. was here yesterday

and I found him very favorable to our plan of constructing nurseries at the dam. From his conversation of yesterday, I take it that they are going to develop it as a recreational pint. He did not come out definitely and state that but all through the conversation he wanted to be sure that the ponds would lend a beautifying effect to the property as he said they wished to utilize this for some

good purpose and from this I took that they would landscape the same and wanted the same to harmonize with that idea. He is having a blueprint made of the property and will take the matter up direct with Frank O'Connell at Lincoln sometime in the very near future. Although this has moved a little slow, I am satisfied now everything will work out all right and we will be able to get our nurseries constructed this fall ready to be properly stocked with fish and fry this coming spring. Will keep you posted from time to time as it develops.
With kindest personal regards, I am,
Cordially yours,
FRANK J. BRADY,
President Nebraska Division.
