THE HOLT COUNTY FAIR WILL BE A GOOD ONE

President F. J. Dishner informs The Frontier that the final touches are now being given to the fair activities and that everything is going fine for a big fair this year even though the county received a severe jolt when the hot winds struck us last month.

The exhibits this year are limited to Holt county only. There is considerable corn in the county and the small grain crop was good so that the agricultural exhibits will make a fairly good showing.

Dan Desdune's colored band will furnish the music each day; he has an aggregation of musicians that are far above the average; they also have a number of features including soloists and dancers.

The free attraction of Philip & Benny, acrobats and tumblers, is one of the best free attractions on tour this year. One of the tumblers is the man that "cart-wheeled" around the diamond at the opening of the world's series base ball games in Philadelphia last October, and is considered to be one of the best if not the best in the world in this act.

A complete program of the event for each day will be published in next week's issue.

All entries should be made as soon as possible so that the secretary can prepare the tags and thus eliminate the rush at the last moment.

HUGH O'DONNELL WINS TITLE IN TILDEN TOURNAMENT

Tilden, Neb., Sept. 5: Hugh O'Donnell, O'Neill's youthful golf ace, retained the crown he won in the Tilden tournament last year by defeating Frank Morgan of Wayne yesterday in the titular match by a score of 1 up. This contest was one of the best matches ever seen on the Tilden course.

It was Morgan who was defeated last year by young O'Donnell in the championship match. A large gallery followed the finalists.

H. B. HUBBARD HAS LOG CUT BY BEAVERS

Considerable discussion has been current as to just how much amusement a beaver will indulge in, and whether or not they can bowl. The discussion began early last week when H. B. Hubbard, the harness man, exhibited in his shop windows a five foot log about six inches in diameter that was cut almost to the center of the log at intervals and in such a way by the beaver that each section was almost round and resembled a bowling ball. The log is an interesting sight for anyone that is interested in the work of dumb animals.

O'NEILL WINS ONE BUT LOSES SUNDAY

O'Neill defeated the fast Spalding team last Friday at the Boone County Fair at Albion, with a score of 6 to 5. Honeycutt on the mound for O'Neill held them easy, allowing only six hits during the game. Spalding got one run in the first inning when Styles was hit and went to first and attempted to steal second and Schollmeyer made a wild throw which went to centerfield and in playing for the runner at third it went through H. Martin and he scored. In the 3rd they scored again when Faulk drove one out to centerfield and Mackey made a hard try for it but was unable to hold it and a hit by Styles drove him in. In the ninth the first man up grounded to the pitcher and then Honeycutt Walked three men straight filling the bases and "Spec" Burke relieved him, striking out the first man up, but one score came in on a passed ball, then Hilton, drove one through third and short for a hit scoring two but was caught at second trying to stretch it into a double.

HARRY T. OSBORN SELLS SUNSET LODGE

Harry T. Osborn Tuesday disposed of Sunset Lodge, the modern tourist camp which he just recently completed on the highway at the eastern entrance to O'Neill. George McNally is now the owner and will continue to operate the camp along the same line as Mr. Osborn has done. Sunset Lodge has become quite well known all over the state as a tourist camp during the short time that it has been running.

GHOST LIGHT FIELD WILL BE DEVELOPED

Harry H. Haffner and Harry T. Osborn returned last week from Tulsa, Oklahoma, where they succeeded in contracting with The Helmerich & Payne, Inc., to drill for oil in the "Ghost Light" country northwest of O'Neill.

A geologist and also an attorney representing the company will be in O'Neill between the 10th and the 15th of this month for the purpose of locating the dome where the drilling will begin, and to close up the legal part of the contract.

The company agree to drill a hole to the depth of 3,000 feet or strike oil in specified paying quantities for a stated sum; the company will be paid only a small part of the money until the well has been completed. They have a reputation of performance and also have plenty of money to complete the work.

Many people do not understand what will be required to bring an outfit to O'Neill and what must be done before any drilling can start. The company will bring 8,600 feet of heavy casing ranging in size from 15½ inch to 6 inch; nine cars will be necessary to haul in the casing; the freight will amount to about \$500 per car; the company have a new 6-cylinder engine that will be shipped direct from the manufacturer to O'Neill that will cost about \$20,000; the rig irons and rig that will be used here will cost about \$10,000; the derrick will require 22,000 to 25,000 feet of heavy lumber and it will cost around \$500 to build it, about \$1,000 will be used in digging slush ponds and cellar and bib for the rig; three cars will be required to bring in the rig pattern and tools; it is estimated that the work could be finished in ninety days providing that everything went smoothly; the cost of drilling will amount to \$120. per day. It is going to take considerable money to complete the well. The money will have to be subscribed before the work will start. No one is able to determine that there is oil available in the Ghost Light district but geologists and those who seem to be posted on oil land conditions claim that the conditions are very favorable for striking oil in paying quantities in this district. These men are coming here at a great expense and are willing to put their machinery to work and advance considerable money to determine what is beneath the hills in this locality.

It is the intention of those promoting the oil company to organize a local company, with president, secretary and treasurer who will have charge of the finances and will pay out the money. 1000 units will be issued at \$100 each which will be sold to those who wish to invest. We are informed that capitalists in Sioux City and Omaha are already interested in the well and are arranging to float the units. A number of local people are also interested in the proposition and have agreed to purchase some of the stock.

A meeting of those interested will be held while the geologist and representatives of the Helmerich & Payne Company are here next week.

EDUCATIONAL NOTES.

Most of the schools of the county opened Monday for another term of school. Those districts not opening this week will open next Monday with the exception of a few schools only holding seven or eight months.

County Superintendent Luella A. Parker, returned Monday evening with the Holt County Contestants from the State Fair Spelling Contest which was held at Lincoln on last Saturday. Patricia Sullivan of St. Mary's Academy and Horace Tipton from the Page Public School were the contestants from Holt County. Patricia Sullivan took sixth place in the Oral Contest and eighth place in the Written. Horace took twelfth place in the Oral. They both stood up long enough to be listed as Perfect Spellers for which they received Perfect Spelling Certificates. These were given after they had spelled through the Eaton's Contest Speller. In the Oral Contest Hamilton County took first place, Franklin

County second, Gage County third and Lancaster County fourth. In the Written Contest Hamilton took first, Gage second, Hamilton third, and Lancaster fourth. The words pronounced toward the last were very difficult. Considering the fact that the pupils spelled for two hours without an intermission and against the best spellers from each county we can feel very proud of our contestants. Some of the counties who were winners have entered contestants in these contests for the past ten years. This was Holt County's second appearance in the contest. The children enjoyed the trip very much and were delighted with the sights they saw at the State Fair during the short time the Contest allowed them to attend.

would require 50 cents per school in the Rural Schools and 50 cents per room for the town schools. By enrolling in the Junior Red Cross the children are taught early in life to appreciate the Spirit of Service for Others.
\$5.00 will be given to every school entering a float in the parade at the Holt County Fair on Children's Day, Wednesday, September 19th. This money to be paid besides the premiums for the best floats. Teachers are urged to enter floats and advertise their school.
CARD OF THANKS.
We desire to express our heartfelt thanks and appreciation to the many kind friends and neighbors for the many acts of kindness shown us following the death of our beloved wife and mother, and for the many beautiful floral offerings.
