

# A "used car" is unused transportation

A GOOD automobile is built to stand years of use. It will provide many thousands of miles of satisfactory transportation.

But only occasionally are all its years and all its mileage used up by one owner. Many owners turn their cars in after an average use of only two to three years—long before the cars' lives have been exhausted.

This custom brings into the market every year so-called "used" cars which represent outstanding opportunities to buy unused transportation at low cost.

Every year more and more people appreciate this fact. Today millions of families are driving cars of which they are the second or third or even fourth owners; and this year the volume of new car sales and trade-in transactions has created wider choices and greater values in unused transportation than ever before.

# 3 out of 5 buy used cars

THREE out of five of the cars you see on the road have been purchased as "used" cars. You cannot tell—nor do you ask yourself—whether the driver of any particular car is its first owner, or its second or its third, providing the car looks well and is running satisfactorily.

The cars which General Motors dealers have accepted in trade vary in name, body style and price. Some have seen sturdy service; in others the potential mileage has scarcely been touched. And all offer a wide field of opportunities—

To the family wanting transportation at lowest possible cost.

To the family wishing to own a car of a higher price class.

To the family needing a second or third car to meet the requirements of all its members.

We invite you to examine the unused transportation in the stores of General Motors dealers. For your convenience General Motors extends the GMAC Purchase Plan.

## Responds to Cheers

Herbert Hoover responds to the cheers of the vast throngs that greeted him on his tour through New Jersey. He was greeted with enthusiasm everywhere, especially in the so-called Democratic strongholds of Mayor Hague in Hudson County.

### Tariff Came First

The first of our policies which have given security and expansion of employment has been the enactment of the protective tariff. - HERBERT HOOVER in his Newark speech.

## HOOVER SAVED GERMAN YOUTH

Congressman Newton Tells of His Determined Efforts in Their Behalf.

ST. LOUIS.—A stirring tribute to Hoover's post-war activities on behalf of the suffering people of Germany and Austria is contained in a booklet just published here, prepared by former Congressman Cleveland A. Newton of Missouri.

"For eight years in Congress I fought for food relief and the return of alien property to distressed people in Germany and Austria," said Mr. Newton. "I did this not because they were Germans or Austrians but because it was just. I would do the same for the French, the Belgians or the Russians. I believe in a square deal.

"I have personal knowledge of the great service rendered by Herbert Hoover to the suffering people of Central Europe, especially children. Hoover's answer to allied statesmen and others who objected to sending foodstuffs to the famished populations of Germany and Austria was: 'We were never at war with women and children!'

"When my post-war proposals for sending food to starving Central Europe were up before the Congressional Committee, it was suggested that Hoover, America's food expert, be called. One may imagine my joy and delight as I listened for one hour to the forceful, masterly, unanswerable presentation which Hoover made in favor of relief for the suffering, hungry and starving people."

### Colleges Favor Hoover

If college straw votes are indicative of the sentiment of the American people, then Herbert Hoover will go into the White House with an overwhelming popular majority. A straw vote at the Juniata College the other day showed the following results: Hoover, 25; Smith, 3; Will Rogers, 2. The faculty gave Hoover eighteen votes and Smith two.—Harrisburg (Pa.) Telegraph.

### Send for Hoover!

The same man who could find ways to relieve starvation one thousand miles from America may be relied upon to devise and carry out a plan to relieve any portion of the population from any injustice. If farmers need relief, Mr. Hoover will get it for them. —Schenectady Union Star.
