

Mother's Vigil

HERE and there throughout the land tonight many a mother will keep faithful vigil over some sick child. Heavy-eyed and weary she will minister as only a mother can.

At the push of a button electricity will light the tiny face, heat the water, warm the food, prepare the medicine. These are services the value of which is known only to mothers.

We are glad and proud to be of some small help where anxious mothers watch and serve.

Two Quiet High Speeds

Five chassis—sixes and eights—prices ranging from \$860 to \$2485. Car illustrated is Model 629, five-passenger Sedan, with 4-speed transmission (standard gear shift) \$1985. All prices f. o. b. Detroit.

Owners tell us they use fourth in the Graham-Paige four-speed transmission most of the time, enjoying its new smoothness and swiftness. They drop into third (a quiet, internal gear) for rapid acceleration in traffic, or up steep hills. The gear shift is standard. You start in second. First, in reserve, is seldom used. A car is at your disposal.
