

High School News

Editor Ambrose Rohde

Helen Pinkerman has resigned her editorial position.

Ambrose Rohde is our new editor and will continue in that capacity for six weeks. The next editor will be selected on the basis of initiative, ability, and enthusiasm.

ENTHUSIASM.

Webster says Enthusiasm is the feeling of interest for anything. Now this question presents itself, "Are we enthusiastic about our school, our community, and our state?"

Webster is undoubtedly correct in his definition, but nothing illustrates the meaning so well as does the following story of two dusky sons of Ethiopia who had cast their lots with Uncle Sam's Army.

Sam and Rastus were in different companies and had been arguing which company was the better. They had discussed everything down to the buglers. Finally Sam said "Nigger, you should hear Mose bugle payday, dat am syncopated, syncopated."

Rastus looked at him in scorn and replied, "Nigger, you ain't never heard no bugling. Why, when Mushmouth Smith starts bugling mess, I looks down at my plate of baked beans and says Strawberries behave yo'self you ah kickin all de whipped cream out of de dish."

Even though something happens and things are not just as you would have them, do you still boast your school with the same type of enthusiasm that Sam had for his company even though he was getting nothing but baked beans for food? Sam was a booster.

Let's have more Sams in O. H. S. boosting for Our High School and its organizations. Our community and its enterprises. Our State and its interests.

and makes them want to make good and amount to more just to please their boosters and backers.

This is especially true of the High School teams. If the members of these teams know that the citizens and students of O'Neill are anxious to see them win, boosting and working with them, they will set out with that determination to win and bring honors to O'Neill High.

Calvin James.

WHY DO WE GO TO SCHOOL.

This question has undoubtedly entered the mind of every student at some time in his high school career. Do we go to school because we are compelled to—or is there really a reason for our attending school nine months out of the year? Yes, there is a reason for our attending which is to prepare ourselves for greater things in life. Almost all of our great men have been prepared in life with a good education. Education is one of the main factors of life for a boy or girl. There are many obstacles in life that can only be overcome by preparedness. It is the duty of all parents to send their children through school. To overlook a child's education is like throwing away his chances at success in later life. Education and preparedness are two great factors which make men successful. Every boy and girl should take advantage of the fact that schools are held open to them for their attending. The public schools are so arranged that all children may attend school. The schools are open to all classes and races of people. This system of public schools is kept up in this country so that our young people may be cultured and prepared citizens.

BASKET BALL.

The O'Neill High Basketball team will play the first game of the season with the fast Inman team in the High School Gym Friday, December 14th, at 7:30. The O'Neill team has only one letter man but the promises of a fast team look good. The Inman team has five letter men.

It is sure to be a good game and we would like to have everybody come and see the boys play their first game.

Those who will probably get into the game are: E. Thomson, A. Rhode, C. Hancock, E. Haskins, G. Abdouch, R. Tomlinson, R. Lamb, L. Lamb, C. Green, L. Green, J. Rummel, B. Rummel.

The referee will be Harry Ukulele who refereed the Neligh-O'Neill football game. He is known all over the state as a football and basket ball official.

Bruce Rummel.

Have you purchased your Red Cross Christmas Seals? The High School and Grade pupils are selling them. Buy now and help the Red Cross in its wonderful work.

THE FOREST COURT.

The Grades of the O'Neill Public School presented a clever operetta, "The Forest Court," Friday, December 7th, in the school auditorium.

As a prelude, the kindergarten Toy Orchestra played. The little tots were garbed in blue capes and caps and proved to be unusual musicians.

"The Forest Court" is a beautiful story of the trial of a thoughtless and rash boy, Tommy, who, like thousands of Tommies, muddled the spring, switched off the flower tops, pulled up baby trees, and played general havoc with the forest beauties.

The chief characters were: Tommy Bennet Hereford Spirit of the Stream Mary Haffner Judge Owl Melvin Pilger Sunflower Loree Sauers Silver Wings Ruth Harris Fairy Queen Carolyn Beers Tortoise Authur Stauffer Rabbit Kenneth Miller Chirrup Cricket Junior Harris Elves Charles Smith, James Beers

The Rabbit and Tortoise proved to be the general favorites of the evening. Due to the influenza, Bobbie Sauers was unable to take the part of Rabbit. This part was well taken by Kenneth Miller.

Much credit is due Miss Opal Turner, director, and Miss Ruth Kraemer, pianist, for the beauty and success of the operetta.

KINDERGARTEN NEWS.

This week we made our sand table a little Christmas town. There is lot of sparkling snow. There are houses, many Christmas tree, happy boys and girls and Santa Claus. We have a community Christmas tree on our table, too.

Phyllis Nelson is a new pupil in our class.

COMMERCIAL DEPARTMENT.

When we have completed the first semester at school, Mr. Brockenick will give the following awards to his commercial students:

In the Beginning Typewriting class, the students who has the best score on a 15 minute test will receive a Sheaffer pencil.

The Beginning Typewriting students who can write for 15 minutes without error will each receive a year's subscription to a Commercial magazine.

In the Advanced Typewriting class there will be given a Gregg Dictionary. In the Beginning Shorthand class the award will also be a Gregg Dictionary.

The student in the Advanced Shorthand class who can hand in the best transcript, taken at 80 words per minute, will also receive a Gregg Dictionary.

The student placing first in an Advanced Shorthand theory test will receive a Shorthand Phrase Book.

HOME ECONOMICS.

Hot Lunches.
The Home Economics girls have been studying menus that contain the right elements to keep children in good health. They are making posters illustrating some of the "hot dishes" that will be served to the pupils who bring their lunches.

Try this menu for a day:
Breakfast
Puffed Rice Grapefruit Cream
Buttered Toast Cocoa
Lunch
Scalloped Potatoes with Cheese
Vegetable Salad Peach Conserve
Dinner
Apricot Pie
Roast Pork Sweet Potatoes
Gravy Vegetable Salad Butter
Whole Wheat Bread Pineapple Whip
Coffee

American Chop Suey
(one dish meal)
1 cup left over meat (pork or chicken)
2 tablespoons fat
2 or 3 onions sliced and browned in the fat
1 cup celery cut in long strips
2 shredded peppers
3 cups water or meat stock
¼ cup raw rice
½ cup mushrooms (canned)

Cook 20 to 25 minutes
This dish contains the following food elements:
Fuel foods Building foods
Regulating: bulk vitamins minerals

PRIZE OFFERED FOR COMPOSITIONS

W. C. Durant, a well-known New York automobile manufacturer, is sponsoring a contest on "How to Make the Eighteenth Amendment Effective." He offers two prizes: A twenty-five thousand dollar prize and a five thousand dollar prize. Four thousand dollars of the latter goes to the school and one thousand to the student. The prizes will be awarded on December 25th.

Alice Page, of the Sophomore class, is entered in this contest.

T. N. T. CLUB.

The T. N. T. Club held a meeting Tuesday evening. The club consists of thirty members of which twenty-five were present. Plans concerning a party were postponed until the second semester. The officers of the club are as follows: President, Amolia Merrill; Vice-President, Grace Welch; Secretary and Treasurer, Lita John-

General Weighing

J. B. Ryan has installed a new fifteen ton Fairbanks Morse scales in his hay and grain office. This is one of the largest truck scales in the state. Mr. Ryan will do general weighing and furnish certified weights at 10 cents per load.

NEW AGENCY SINGER SEWING MACHINE COMPANY IN O'NEILL

I have taken the agency for the Singer Sewing Machine in O'Neill and will have them in stock at the McDonough Paint Shop. I will be glad to give demonstrations.

MRS. W. J. McDONOUGH

New Features of - The Outstanding Chevrolet of Chevrolet History - a Six in the price range of the four!

Everywhere The Outstanding Chevrolet is being hailed as a spectacular achievement in advanced design, because it embodies the greatest array of improvements ever offered on any automobile of comparable price.

Here, for example, is a marvelous new six-cylinder, valve-in-head engine whose design represents over four years of development and testing on the part of Chevrolet and General Motors engineers. It has numerous advancements typified by a non-detonating, high-compression cylinder head—gasoline pump with filter, and automatic rocker arm lubrication. It provides performance the like of which was never before available in the low-price field—marvelous smoothness, tremendous reserve power and sensationally swift acceleration—all with an economy averaging better than 20 miles to the gallon of gasoline!

Here are new and improved four-wheel brakes unsurpassed for silence in operation, positive action and ease of adjustability!

Here are marvelous new Fisher bodies introducing a new order of beauty, smartness and luxury.

And here, also, are other features by the score—each an impressive example of automotive progress—each contributing to outstanding performance, quiet operation, long life, ease of control and economical ownership!

We cordially invite you to visit our showroom and secure complete and detailed information regarding this great new car, which will be ready for delivery beginning January 1st.

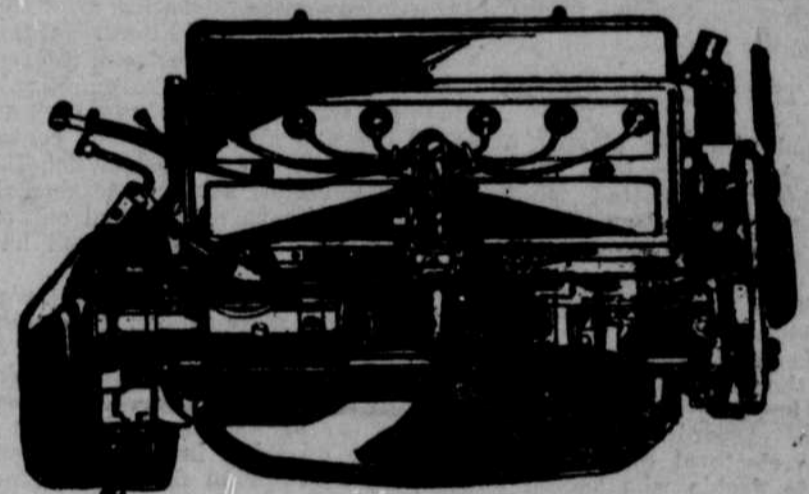

Advance Showings

The Outstanding Chevrolet of Chevrolet History is being displayed in a series of advance showings, the last of which are in the cities listed below:

San Francisco, Dec. 8-13, Civic Auditorium, Larkin Hall . . .
Cincinnati, Dec. 8-14, Hotel Sinton . . . St. Louis, Dec. 8-14
Arcadia Ballroom, 3515 Olive Street . . . Atlanta, Dec. 18-22
Auditorium-Armory . . . Dallas, Dec. 18-22, Adolphus Hotel
Junior Ballroom . . . Portland, Ore., Dec. 18-22, Public Auditorium.

The Roadster	\$525	The Convertible	\$725
The Phaeton	\$525	Landau	\$725
The Coach	\$595	Sedan Delivery	\$595
The Coupe	\$595	Light Delivery	\$400
The Sedan	\$675	Chassis	\$400
The Sport Cabriolet	\$695	1½ Ton Chassis	\$545
		1½ Ton Chassis With Cab	\$650

All prices f. o. b. Flint, Mich.

Chevrolet's new six-cylinder, fully enclosed valve-in-head engine has a high compression non-detonating head. Its piston displacement is 194 cu. in. and it develops 46 H. P. at low engine speed.

An automatic accelerating pump results in unusually swift acceleration, as well as greater gasoline economy.

On the indirectly lighted instrument panel are grouped all controls, including the water temperature indicator and theft-proof Electro-lock.

The new chromium plated radiator, lamp standards and rims, and one-piece full crown fenders are typical fine car features of the Outstanding Chevrolet.

The adjustable driver's seat in all closed models. This brings the clutch and brake pedals within proper reach for all drivers.

Newly designed 4-wheel brakes, safe—positive—quiet.

Marvelous new bodies by Fisher are an outstanding feature of the Outstanding Chevrolet.

Other Outstanding Features of Advanced Design and Equipment

MOTOR

New six-cylinder motor, valve-in-head type, fully enclosed. New automatic lubrication of rocker arm mechanism. New fabric camshaft gear. New heavier crankshaft statically and dynamically balanced. New hot-spot manifold. New AC gasoline pump with filter, replacing vacuum tank. New type AC air cleaner.

COOLING SYSTEM

New type thermostat cooling system control. New electric water temperature indicator on dash.

ELECTRICAL EQUIPMENT

New two-beam headlamps with foot button control. New prismatic headlamp lenses. New theft-proof Electrolock. New semi-automatic spark control.

CHASSIS

New self-adjusting, single plate dry disc clutch. New smooth 3-speed transmission. New solid shaft type steering column. New flat type, slender rim steering wheel. New and more complete Alomite chassis lubrication.

Dealers, O'Neill, Nebr.

QUALITY AT LOW COST

WON'T LET HEELS

STAB FIRE ESCAPES!

"Marlboro, Mass., Dec. 5.—Chief Brown of the fire department wants high heels forbidden to high school girls because of the danger of catching in fire escapes. He asked the school board, the board referred it to the faculty, and the faculty passed the buck to the parents."

Stop and think about the above article. It would be very easy for many high school girls to catch their high heels in fire escapes. It is natural for any girl to become excited when she hears the fire gong. In her haste she is apt to catch her high heels in the fire escape and receive a fall resulting in serious injury.

High heels are not only dangerous during a fire but in other ways as well. The girls who wear high heels to school and to work, have undoubtedly noticed a difference in comfort, that low heels bring. High heels are not made for comfort. When you have sore feet you usually feel all out of sorts, grouchy and irritable. The "all round" High School girl wears her low heels.

Loretta Saunto.

Our schoolmate and friend, Beryl Winchell has been in the Lutheran Hospital at Norfolk, Nebraska, for some weeks recovering from injuries received in a car accident. We all miss Beryl and are looking forward to her return. We know that Beryl will appreciate cards or letters from her schoolmates, so let us each help the time fly for her.

"LEST WE FORGET."

The traditions of a school are its most sacred treasures and should be guarded as such. The letters which are worn by athletes for meritorious work under the school colors are not to be taken lightly by those wearing them. Be worthy, all wearers, of our high school colors for more eyes than those of your fellow schoolmates are upon you. You who have helped to make our past so glorious, who are the standard bearers of the present, and the hope of the future, rally to your duty and let no transgressions be allowed. You have been tested and found fit to receive and wear the Blue and White. Let it continue so.

Ambrose Rohde.

HIGH-SCHOOL BOYS SMOKE.

Smoking is a very bad habit for any boy to acquire. A little smoking undoubtedly will hurt no one; but a little smoking often results in making it a regular habit. Smoking is a filthy and dirty habit and makes an old man of a young boy. Smoking never helps anyone but does make people nervous, short winded and stunts young people's growth. It is the duty of all parents to keep their boys from smoking until they go through high school. Smoking not only ruins one's health but is an expensive habit. Many boys buy cigarettes daily which in a month amounts to a considerable amount of money. If boys saved the money that they ordinarily spent for smoking some clothes could be bought which would do them much more good than wasting it on smoking. Smoking also is a very dangerous habit. Boys throw the remains of their cigarettes away without looking where they toss them. This often results in serious fires.

BOOST YOUR HIGH SCHOOL.

The most important part of High School duties is the school spirit. This part is lacking in O'Neill and should be improved by both the pupils and citizens of O'Neill. Perhaps the business men of O'Neill are just as interested in their High School as the business men of any other city are in theirs, but there is a way of showing this that puts a feeling in the pupils
