

YOUR FARM MAYTAG

Powered with
Gasoline
or
Electricity

THERE is but one Maytag—the washer that won world leadership by its faster, cleaner, more careful washing. This wonder washing Maytag is equally practical for farm homes with or without electricity. You have your choice of power—electricity or gasoline.

The Gasoline Multi-Motor

This remarkable Maytag engine is the simplest, sturdiest, most compact gasoline engine made. By removing only four bolts, it is interchangeable with the electric motor. A thrust of the foot pedal starts it.

High-grade bronze bearings, a flood-proof carburetor, Bosch high-tension magneto and speed governor make it a worthy Maytag product.

Free for a Week's Washing

Find out how the Maytag will change washday for you. See how the Roller Water Remover, with a flexible top roll and a hard bottom roll, wrings everything evenly dry and spares the buttons. Write or telephone for a Maytag before next washday. *If it doesn't sell itself, don't keep it.*

For homes with electricity, the Maytag is available with electric motor.

(First publication Jan. 17.)

LEGAL NOTICE.

Mrs. M. Doyle, real name unknown, defendant, will take notice that on the 17th day of January, 1929, James P. Gallagher also known as J. P. Gallagher, plaintiff herein, filed his petition in the District Court of Holt County, Nebraska, against said defendant, the object and prayer of which is to secure a decree of Court quieting in the plaintiff the title to and possession of Lots One (1) and Two (2) of Section Four (4) in Township Twenty-eight (28), North of Range Eleven, (11) West of the 6th P. M. in Holt County, Nebraska, and removing the cloud cast upon the title to said land by a mortgage dated May 1, 1906, given by N. E. Cain, Widower, to Mrs. M. Doyle, and which was duly recorded on May 1, 1906, in the office of the County Clerk of Holt County, Nebraska, in Book 89 of Mortgages at Page 549. The plaintiff prays that the title to said premises and the possession thereof may be forever quieted and confirmed in the plaintiff and that the cloud cast upon his title to said land by said mortgage may be removed and to adjudge said mortgage to be no lien upon said land and to decree that said mortgage is entirely satisfied and in addition thereto that all cause of action based on said mortgage and the debt by it secured is barred by the statute of limitations and that the defendant may be enjoined from asserting any lien upon, interest in or right or title to said real estate.

You are required to answer said petition on or before the 25th day of February, 1929.

Dated this 17th day of January, 1929.

JAMES P. GALLAGHER, Plaintiff.

CONOCO Leadership covers almost half a century

Such leadership must be earned. It comes from the proper coordination of resources, engineering skill and marketing facilities plus that willingness to serve for which the Conoco name has always stood.

Today, as always, Conoco stands for highest quality and unsurpassed service.

The Outstanding Chevrolet of Chevrolet History

- a Six in the price range of the four!

represents 4 years of Development and over a Million miles of Testing

Years ago, the Chevrolet Motor Company designed and built its first experimental six-cylinder motor. This far-sighted step was taken because Chevrolet engineers knew that the six-cylinder motor is inherently the most perfectly balanced motor—the ideal power plant to meet the growing public demand for greater reserve power, faster get-away and, above all—smooth, quiet performance.

During the last four years, over a hundred six-cylinder motors were built by Chevrolet engineers and tested on the General Motors Proving Ground.

Day and night, through winter's cold and summer's heat, the incessant testing went on—until the present motor was developed and finally pronounced correct.

At the same time other Chevrolet engineers were perfecting other parts of the chassis. And another great automotive organization—the Fisher Body Corporation—was devoting its gigantic resources to the creation of the finest, sturdiest and most beautiful bodies ever offered on a low-priced automobile.

As a result, the Outstanding Chevrolet offers an

order of well-balanced excellence—a combination of performance, comfort, beauty and handling ease that is truly remarkable—with a fuel-economy of better than 20 miles to the gallon of gasoline.
