THE TELEPHONE COMPANY ARRANGING TO BUILD

A petition is now being circulated here requesting the Northwestern Bell Telephone Company to provide a common battery system to replace the present magneto system.

With a common battery telephone system, telephone users are able to call the operator when placing a call by lifting the telephone receiver off the hook and merely hanging up the receiver after completing a conversation signals the operator to take the connection down.

There has been an increasing number of requests from O'Neill telephone subscribers for this class of service. The petition will furnish the Telephone Company with a formal expression of opinion of O'Neill subscribers regarding such a change. The Telephone Company also plans to remove the present poles and wires from Fourth Street, purchase a lot, construct a building in keeping with local requirements and rebuild the outside telephone plant.

Such a change would be in line with the continued growth and progress evident in O'Neill. Common battery service is now being provided in nearby towns such as Norfolk, Wayne, West Point and Fullerton.

Naturally carrying out such a program will add greatly to the company's investment here and would therefore justify some adjustment in the charges for service. The new rates, as outlined in the petition, provide for an increase over the present business and residence rates of only 25c a month. In addition four-party residence service would be made available at the same rate now charged for two-party residence service.

The proposed plans also provide for additional long distance telephone equipment. This would make O'Neill an important switching point for calls going to South Dakota towns and points in Western Nebraska.

MRS. MARGARET HURLEY.

The remains of Mrs. Margaret Hurley arrived in O'Neill last Saturday from Fort Collins, Colorado, and was buried in the family plot beside her husband and children, in Calvary cemetery upon its arrival in O'Neill.

Mrs. Hurley passed away at her home in Ft. Collins a couple of years ago. The immediate relatives of the family do not reside in Colorado at this time.

Mrs. Hurley will be remembered by the older residents here as a resident of O'Neill about twenty years ago; she was a sister to the late John Horiskey.
