tended that the rates should be applied to the actual dollars returned. Your banker or the County Assessor will be glad to give further information concerning these returns. The return should be sworn to before a notary public, the County Assessor, or other officer having a seal.

After your return has been filed with the County Assessor it will not be open to inspection only by the proper officers and they are not permitted to give out information concerning it.

EDUCATIONAL NOTES.

The Eighth Grade Examination papers have been graded, and the grades have been sent to the teachers. The papers were unusually good, and a higher percentage than usual passed the first examination. One hundred and ninety-six or practically two-thirds of the Eighth Graders earned their diplomas at the first examination.

Christie Henkel of District No. 51, earned an average of 97% in all subjects, this being the highest average awarded any pupil in the county and we believe one of the highest in the state.

The teachers deserve commendation for the training shown by the children in the neatness of the papers.

I would suggest that all teachers see that their pupils have memorized the song, "America" and also the names of the members of the new president's cabinet before the next examination which will be held one day, only, May 10th.

The President's Cabinet:
Secretary of State—Harry L. Stimson
Secretary of Treasurer—Andrew W. Mellon.
Secretary of War—James W. Good.
Attorney General—Wm. D. Mitchell
Post-Master General—Walter F. Brown.
Secretary of Navy—Chas. F. Adams.
Secretary of Interior—Ray Lyman Wilbur.
Secretary of Agriculture—Arthur M. Hyde.
Secretary of Commerce—Robert P. Lamont.
Secretary of Labor—James J. Davis.

The County Superintendent will accompany Helen McCaffrey, District No. 36, and Eugene Gallagher, St. Mary's Academy, two winners of the Holt County Spelling Contest to South Sioux City on Friday, April 26th, to enter the Inter-State Spelling Contest.

We have reports that fully one-fourth of the teachers of the county are remaining in their present positions for the coming year. I feel that this is an indication that the teachers have done excellent work the past year, and that this is a step toward the betterment of our rural schools. The School Boards are taking advantage of the opportunity to select

the best teachers by hiring earlier than usual this year. I think that this is only fair to our County Teachers who must attend summer school during the summer and thus have no chance to look for schools later. They will do much better work at school knowing that they have a position for the coming year.

Arbor Day was fittingly observed on Monday by most of the schools of the county.

Vernon Wertz of Page, one of our county teachers, has been honored by the appointment to the position as file clerk in the United States Internal Revenue Office at Washington, D. C. He left for Washington to take up his new position on Saturday, April 13th.

The County Superintendent, accompanied by Sister Delores, visited the Normal Trainers from St. Mary's, who have been doing their practice teaching the past week in the rural schools. The Normal Trainers did very well in their practice work and the experience has filled them with enthusiasm to start in a school of their own in the fall.

FACTS ABOUT NEBRASKA.

Nebraska horses and mules are being displaced by automobiles, trucks and tractors. There are 764 thousand horses and 106 thousand mules, 24,000 and 4,000 respectively fewer than last year. The average mule is worth \$76.43, or \$16 more than the average

horse at \$60.27.

The Nebraska territorial legislature of 1855 issued charters to seven banking institutions. All failed with total losses except the Platte Valley bank at Nebraska City, which was the only one financed by local people.

The average gross income from Nebraska farms for the year ending last June was \$3,606, the largest since 1920. Practically one-third was realized from sale of crops and two-thirds from livestock and dairy products.

The expenditures for the state Bureau of Fish and Game for the last two years amounts to \$320,607. The receipts from hunting and fishing licenses ran to \$366,434, leaving a net balance for the biennium of more than \$45,000.

FROLICH TO FLORIDA.

Mrs. Willebrandt Assigns Nebraska To Difficult Liquor Zone.
(World-Herald)

William J. Frolich of O'Neill, who for three years has been an assistant in the office of Federal District Attorney Kinsler at Omaha, was today made an assistant to the attorney general on recommendation of his chief.

Because of Frolich's zeal in prosecuting liquor law violations, he has been assigned by Mrs. Willebrandt to take charge of the situation in Florida, which is regarded by the department of justice as one of the most serious existing in the country.

According to Mrs. Willebrandt, Frolich is to be given complete charge of the prosecution of several hundred liquor cases, some of them involving nationwide conspiracies.

PROMINENT BASIN RESIDENT IS DEAD

The following account of the death of David Darr was received this morning by J. C. Harnish of this city, and was sent to him by Ernest Beavers, of Deaver, Wyoming. Mr. Darr will be remembered by the older residents. He was elected county treasurer in the fall of 1882 and served until 1886; he was the fourth treasurer of the county. Mr. Darr was prominently identified with the banking business of O'Neill; he also operated a mill which later burned. The article follows: Basin, Wyo., April 20: David D. Darr died shortly after 2 o'clock Saturday afternoon at the Basin hospital. Mr. Darr only recently was able to get into the streets after having been confined to his bed for three months with illness which had followed an attack of influenza and pneumonia.

On Monday evening he was again taken violently ill and on Wednesday was taken to the hospital for an operation.

He came to Basin in 1898, and helped to organize the Big Horn County bank of which he became cashier. Later he was elected president and retained that office until the failure of the bank several years ago. Since that time he has been identified with the Western Title and Loan company. For the last 15 years he was treasurer of the grand lodge I. O. O. F. and of the grand encampment.

He was three terms mayor of Basin, had been prominent in Masonic affairs and had held the offices of grand master of the I. O. O. F. and grand

patriarch of the grand encampment. For many years he was prominently identified with the development of the Big Horn basin.

He is survived by his wife and two daughters, Mrs. Jessie L. Cleveland of Hot Springs, S. D., and Mrs. Mazie V. Rhodes of Basin.

INFORMATION CONCERNING INTANGIBLE TAXES

Every taxpayer should file his return with the County Assessor at once. The return is subject to a penalty after May 27. By attending to this at once you will not only avoid the rush later but you will greatly assist the County Assessor.

The tax rate on money, bank deposits, saving accounts, checks and drafts is 25 cents on each 100 dollars. There are no other taxes on these items.

Shares of stock in Corporations which are organized outside of Nebraska are taxable at the rate of 80 cents on each 100 dollars. In determining the value of these shares you should use market values, less the proportion of the capital stock which is assessed in Nebraska. Any banker or County Assessor can determine this value for you.

Shares of stock in Nebraska Corporations should not be listed by the individual as the corporation pays the tax for the stockholder.

Individuals should list their building and loan shares at ten per cent of the withdrawal value. The tax rate on building and loan shares is 80 cents on \$1000 withdrawal value.

Bonds and warrants of the United States, this state or any of its political subdivisions are exempt from taxation. All other bonds are taxable at their actual or market value.

Notes secured by Nebraska Real Estate Mortgages are not taxable. All other notes are taxable. A note is a note no matter for what purpose it is given and it should be listed at whatever it is worth.

Book accounts should be listed at their actual value. Judgments, choses in action, and contracts of whatever nature are taxable at their actual value.

The tax rate on all of these intangibles (money, bank deposits, saving accounts, checks and drafts excepted) is only 80 cents per hundred dollars. You cannot afford to take chances on being penalized for failure to return these items for the small amount of tax involved.

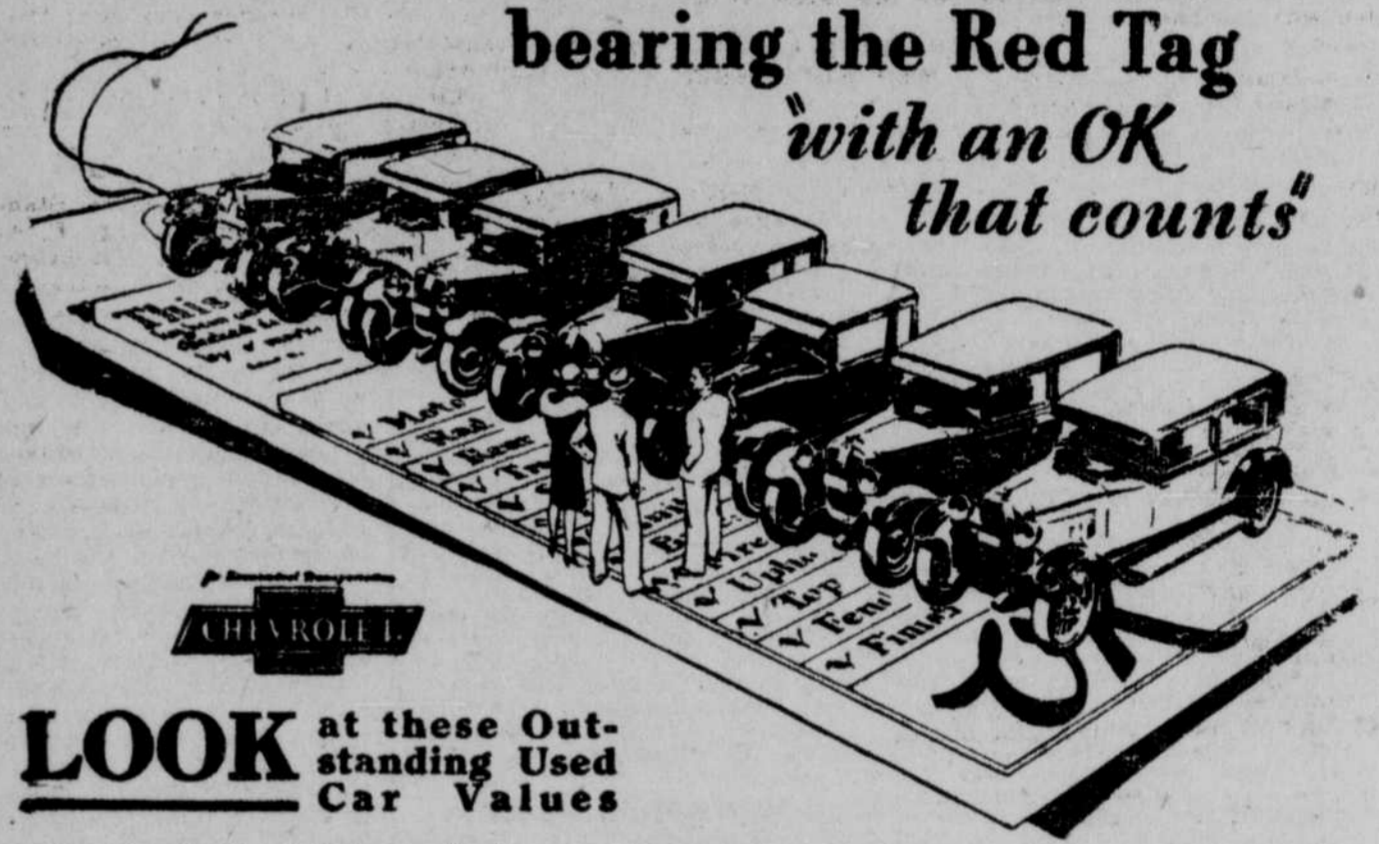

When it comes to listing money that is deposited in failed banks, you will be permitted to determine for yourself what it is worth.

A husband and wife may make a return on the same schedule or they may each make separate returns. A father, mother or guardian must make a return for a minor if the minor has property of this kind.

Pay no attention to the words "or fraction thereof" appearing in lines 13 and 14 of the schedule. It is in-
