

The Family Budget

The family budget and ours are alike in one particular—outgo must not exceed income if success is to be attained.

Telephone revenues must be sufficient to meet all expenses, such as taxes and wages. They also must provide a fair return on the value of the property.

Otherwise, reliable service cannot be provided to the public and additional money cannot be obtained from investors to expand the business to meet the increasing demands for service.

Your telephone needs can be met satisfactorily only when the telephone income is sufficient.

THE MOST BEAUTIFUL FEMALE SKYSCRAPERS OF THE WORLD

There is something in the air above the clouds that develops beauty. Cosmetics and lotions make some women appear beautiful, but flying over the clouds with the purest ozone fanning the cheeks evidently is superior to any of the great number of beautifiers flooding the market. Nine different nations are represented by these nine women who are blessed, not only with daring, but with beauty and intelligence of the highest type. In the progress of aviation each one of the women shown here is doing for her country what many a man would not dare to do. The old idea that women were lacking in the nerve to do the things once attributed only to men has been shattered a long time ago. Today, there is scarcely a field once ruled over by men alone, that some daring woman has not entered. Each of the women pictured here is the foremost aviatrix of her country and the fame of each has spread to the four quarters of the world. Top Row, left to right, Margot Soriano of Spain; Maryse Bastie of France; Thea Rasche of Germany. Center Row, left to right, Lilly Dillens of Austria; Amelia Earhart of the United States; I. Yoneyama of Japan. Bottom Row, left to right, Lady Heath of England; Lilly Goon, China; Mrs. Carl Florman, Sweden. (Herbert Photos, N. Y.)
