A cradle seventy-five years old has been discovered at Brunswick, Nebraska, which has cared for sixty-two babies during its lifetime and is still actively engaged in rocking the little ones to sleep each evening. Our present sheriff, Peter W. Duffy, was the first one mentioned in the article in a recent issue of the Norfolk News telling of the cradle's activities, therefore we are led to believe that Pete was the first to be rocked in the relic. Pete's friends are loth to believe that he is that old.

The McMillan & Markey bakery has just recently installed a new set of up to date machinery for use in their baking department. Among the new equipment is a high speed mixer, a Union rounder, a Union proofer, and a Thompson moulder; these machines are the latest word in bakery equipment and there is nothing better to be found in any bake shop large or small. This firm is giving the people of this community and northeastern Nebraska the best in the bakery line and as cheap as any bakery in the state.

Rely on This Mower for a Clean Job of Cutting

John Deere High-Lift Mower

When you own a John Deere High-Lift Mower high enough to pass over any obstruction that can be cleared by the doubletrees. This lift is so easy to handle a boy can operate it.

Other advantages of the John Deere you'll like are balanced drive gears, which prevent side strain and undue wear and increase power at the knife; the special location of bevel pinion on shaft, which prevents end thrust; and the 21-point clutch, which insures instant starting. All adjustments and repairs are made with ordinary tools. Because it is light-running it is easier on your horses.

Don't wait until the haying season is here to look after your mower. Come in now and see the John Deere at our store.

THE NEW FORD BRINGS YOU THE SAFETY OF STEEL

NEW FORD **TUDOR SEDAN** \$525
(F. O. B. Detroit, plus charge for freight and delivery. Bumpers and spare tire extra.)

THE bodies of the new Ford are unusually strong and sturdy because of the extensive use of steel—a point worth remembering in these days of heavy traffic. Other safety factors are the Triplex shatter-proof glass windshield, the reliability of the fully enclosed six-brake system, and the way the new Ford "holds-the-road." There's no swaying or shimmying even at high speeds.

Call or telephone for demonstration. You'll like the alert, capable performance of this great new car.
