FACTS ABOUT NEBRASKA

Nebraska ranks seventeenth among the states in value of lands devoted to college instruction, twenty-fifth in value of buildings, sixteenth in enrollment of men in college courses and fourteenth in women enrollment.
Nebraska has built more miles of graveled roads with federal aid than any other state aside from Texas.
Daily newspaper readers will be pleased to know that the Lincoln Morning Journals are now being rushed by auto to Fremont and there put on the same early morning Northwestern train that the Omaha morning papers use.
This gives our community unex-

celled service on a morning newspaper from the capital city, and one that is edited 100 per cent for Nebraskans. All of the other big Nebraska morning dailies are printed on the low line and edit for Iowa readers also. The Lincoln Journal's regular year subscription rate is from one to three dollars lower than that charged by the other big Morning and Sunday newspapers.
Nebraskans look to Lincoln, the Capital city, and the State Journal for the best state news.
Mail \$1.00 to the Nebraska State Journal of Lincoln, and they will send you a trial subscription, or better yet order for a whole year. The regular year rate is \$4.00 daily, \$6.00 with Sunday. Don't give money to strangers, order direct or thru our office.
