extra miles..

EVERY extra mile that you get from using Conoco Gasoline does its bit to cut down the cost of other motoring necessities.

A mirror... a spotlight... a new bumper... why not let Conoco's extra miles help pay for them?

Along all of the important highways and main arteries of traffic and even in the more remote places, you will find the new emblem dedicated to better motoring—the Conoco Red Triangle.

It will pay you well to fill your tank only at that sign—for then you are sure to get Conoco, the real extra-miles motor fuel.

FRIENDS ARE AMAZED TO SEE HER OUT AGAIN

"Since I took the Sargon treatment my friends are simply astonished to see me looking so well and walking around like I do. It is even hard for me to realize.

"I had been suffering for twenty years with neuritis and could only get around a little in the house. For the past several years I have also had high blood pressure and have been in a generally run-down condition. I was very nervous and could not sleep well at night. At times I was troubled with constipation.

"No medicine reached my case until I tried Sargon and Sargon Soft Mass Pills. Now I am not bothered with neuritis or high blood pressure

and all my pains are gone. I can get out and take long walks now, for the first time in years. The pills are very mild, but effective and completely overcame my constipation.

"It gives me a lot of pleasure to tell my friends about the Sargon treatment, because it is the best medicine I ever used in my life."—Mrs. Hattie DeYoung, 236 Ninth Ave., Council Bluffs.

Chas. E. Stout, Agent.

ATTENTION

I notice by this week's issue of the Holt County Independent that we are charged with filing complaint against Zimmerman & Son. We do not know where the editor of this paper got his information and would ask him to be kind enough to tell us in his next week's paper. We have enough to do taking care of our own business without filing charges against our competitors. We believe it would be advisable for the editor to verify statements before publishing them in his paper.

Signed: C. E. Yantzi.

JOHN P. McMANUS

John P. McManus, one of Holt County's early settlers, passed away in the Spencer hospital last Monday, at the age of seventy-two years, six months and twenty-four days. For the past two years Mr. McManus has been suffering with a cancer on his face; a number of the eminent cancer specialists gave him their treatment but only temporary relief was received. About two weeks ago he returned home from Savanna, Missouri, and was taken to the Spencer hospital where he could receive proper treatment.

The deceased was born in Benton, Wisconsin, February 15, 1857. He came to Holt county on April 5, 1885. On November 24, 1887, he was united in marriage to Miss Margaret McKenna, in this city, by Father M. F. Cassidy. To this union nine children were born. They are: Miss Mamie, Miss Anna, Miss Genevieve, all of O'Neill; Miss Margaret who is teaching near Chadron; John, James, Leonard, Hugh, all of O'Neill, and Charles of Rapid City, South Dakota.

For many years Mr. McManus has been engaged in the hardware business in this city; he has always taken an active part in the development of O'Neill and the surrounding territory. He enjoyed a wide circle of friends throughout the county who will be sorry to learn of his death.

The funeral services were held from St. Patrick's church this (Thursday) morning, conducted by Monsignor M. F. Cassidy. Burial was in Calvary cemetery.

Work on O'Neill's New Telephone Building is Now Under Way

O'Neill's new telephone building, now under construction at Fourth and Clay Streets, will house our business office, common battery local and long distance switchboards, battery room and other central office equipment.

Telephone wires leading to the business and residence districts and those used for long distance service to other localities will be brought into the new building.

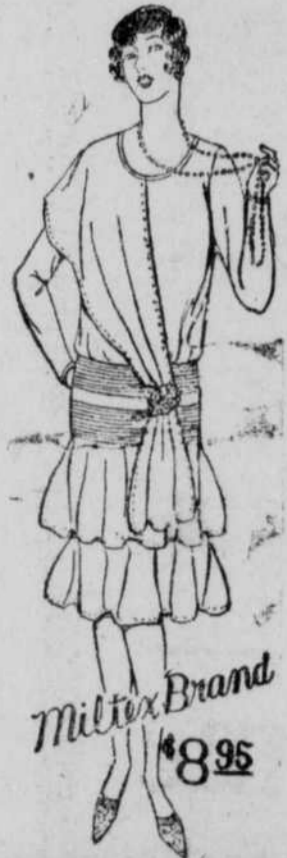

When the building is completed, it will be one of the most up-to-date telephone structures in the state for a community of this size.

Constructing O'Neill's new Telephone Building is one of the first steps in improving the telephone system here.
