**SCHOOL NOTES**

Since the report a week ago, nine pupils have registered in the high school; three in the ninth grade, one in the tenth, three in the eleventh, and two in the twelfth. This makes the total enrollment in the high school 168.

Persons who wish to be considered this year as substitute teachers are requested to make application to Superintendent Miller. Kindly present your teacher's certificate for record in this office, as those who hold valid certificates will be given preference in making assignments for such work.

Miss Helen Dartt was a visitor in the high school Wednesday.

Monday afternoon thirty-three boys answered the first regular call for candidates for the football squad. The team will be rather light this year, but we hope to make up for the lack of "beef" with a plentiful supply of "pep." The team is handicapped in not having a sufficient supply of suits to accommodate all the underclassmen who have shown an interest in the game. The following is the schedule of the season as it now stands:

Sept. 27—Creighton at O'Neill.  
October 4—At Butte.  
Oct. 11—Open.  
Oct. 18—At Neligh.  
Oct. 25—At Ewing.  
Nov. 1—Open.  
Nov. 8—At Ainsworth.  
Nov. 15—At Spencer.  
Nov. 22—Plainview, at O'Neill.

**MEXICAN SAND BURR INFESTING HOLT COUNTY**

The latest obnoxious weed to infest Holt county is the Mexican sand burr. F. D. McMillan exhibited a fine specimen of the burr in the Frontiers office Wednesday which he pulled up along the railroad track south of O'Neill. Each plant has thirty or forty runners that grow to be six or eight feet long and are loaded with burrs that are sectional breaking up into many parts, each having one long spire. This burr is practically new in this county and should be watched closely and exterminated if possible.

**DECLARES SARGON SAVED HER FROM AN OPERATION**

"Without a doubt, Sargon saved me from an operation and the way it benefited me was simply marvelous.

My trouble seemed to have started with my gall bladder. At regular intervals I'd have such severe headaches I'd have to go to bed until they wore off. A stinging, burning pain in my right side bothered me almost constantly and finally my nervous system broke down completely. I had an unpleasant taste in my mouth and it was covered with acid blisters. I was told I'd never improve until I had my gall bladder removed—but I decided to try Sargon first.

It's hard to believe, but I haven't had a headache since my second bottle of Sargon. The pain in my side left me, my nerves quieted and I began to sleep better. The blisters disappeared and now I just feel stronger and better in every way. Sargon Soft Mass Pills are the best laxative I ever saw, they act so naturally.

"Sargon helped me so much I am giving it to my little ten-year-old daughter and I am delighted at the improvement she is already showing."—Mrs. G. W. Hupp, 3508 S. 20th St., Omaha.

Chas. E. Stout, Agent.
