### FAME OF SARGON NOW SWEEPS OVER NATION

When Sargon was first given to the world, well known authorities predicted it would become one of the great outstanding health-giving remedies of the age, but the men of science who labored for years to perfect it little dreamed it would become a household word in so short a time. According to the statements of people everywhere who have actually put it to the test, it is restoring literally hundreds of thousands of weak, rundown, half-sick, discouraged men and women by some of the latest and most advanced methods known to Medical Science.

The demand for Sargon is probably without parallel in the history of the drug trade. In the State of California alone, it will require over one million bottles to supply the people of California during the first twelve months after it was placed on sale. One big New York firm, with wholesale houses in leading cities, have sold and distributed 908,184 bottles in the past eight months, or at the rate of one million and a quarter bottles per year.

Kansas City wholesale and retail firms have sold and distributed over 300,000 bottles within twelve months or an average of almost one bottle for every family in the State of Kansas. Texas dealers required nine carloads the first four months. In the northwest, the Twin Cities of Minneapolis and St. Paul have been selling at the rate of over \$100,000 per year, to say nothing of the immense wholesale distribution. Sales in other sections have been correspondingly large.

Back of Sargon's triumph in the drug stores is Sargon's triumph in the homes. When a suffering man or woman finds a medicine that helps them, they invariably tell their friends about it, and in this way the fame of Sargon is spreading from coast to coast, sweeping the country like a great tidal wave.

No matter where you go—North, East, South or West—Sargon is bringing health to thousands, and many foreign countries are now clamoring for it.

Chas. E. Stout, Agent.

The Ladies Guild of the Presbyterian church will hold a Rummage Sale at the Zimmerman & Son cream station October 17, 18 and 19th.

THE ability to make money and the ability to accumulate it are two entirely different things. In that difference is the difference between failure and success.

### METHODIST CHURCH

Text: "Blessed are the peacemakers, for they shall be called the children of God."

We extend to you a cordial invitation to worship with us Sunday, October the sixth.

The Missionary Society met at the home of Mrs. Fred Sexsmith Wednesday afternoon and the ladies re-

port a very interesting meeting.

Sunday, October 6th is Pep Sunday. The superintendent has arranged for special music, also special speaking. Last Sunday one hundred and thirty-nine attended Sunday School. Join with this group and help make it one hundred and fifty Pep Sunday.

A fine group of boys met in the basement of the church Wednesday evening and organized a Scout troop. There will be a meeting of the troop Monday evening and all boys interested in Scouting are cordially invited to attend.

There will be an old-fashioned singing Sunday evening at the eight o'clock hour of worship. The singers of the Meek community will furnish a part of the musical program. Dr. Shick, of Blair, will deliver a short address after the singing.

### Grinds Snapped Corn, Kafir Heads, Ear Corn and All Small Grain!

## LETZ SHUCK MILL

Here is the feed grinder you should have on your farm!

It not only handles ear corn and small grains, but grinds corn with shuck as well. The amazing capacity of the Letz and its sturdy construction, insuring long service, have made it extremely popular with stock feeders everywhere.

With the No. 210 Letz you can grind from 75 to 100 bushels of snapped corn per hour—pulverizing shuck and all into palatable, easily-digested feeds.

Come in and take a look at the Letz Shuck Mills next time you're in town.

The No. 220 Letz, big brother to the No. 210, will grind a wagon load of 26 bushels in 12 to 20 minutes! The No. 220 is built oversize throughout in keeping with its bigger capacity.

All wearing parts on Letz Mills are built to give un-failing service for years. Plates are self-sharpening and self-aligning.

We honestly believe that the Letz No. 210 and No. 220 are the best shuck mills on the market today. Users find that they quickly pay for themselves in the greater feeding value of the ground feed.
