

# CLOSING OUT

**Sale**  
 Thousands of dollars worth of new, clean, up-to-date merchandise sacrificed at prices which in many instances are below wholesale cost

## THE REASON WHY

We have purchased the P. J. McManus stock of Hardware and find that it will be impossible to remain at this location after November 15. We are clearing the decks for the next man and are forced to sell what remains of this stock at **ABSOLUTE COST**. When we say "cost" we mean just what we say and we challenge anyone to show us where such merchandise can be purchased **WHOLESALE** for less than what we are selling it out for. Many articles in the store are marked down to less than cost, for this stock must be moved at once. We are not like many firms who advertise a closing out sale. After they have cleaned their stock of unsaleable merchandise, they decide to stay in business. When our sale ends we will not open our doors for business again. It is going to be **CLOSED OUT** and stay closed out. Naturally in a sale of this kind the bargains are limited, for no new merchandise will be shipped in to fill as the supply runs low in some one of them. Therefore **DON'T FAIL TO COME EARLY**, and pick out what you want.
