Grinds Snapped Corn, Kafir Heads, Ear Corn and All Small Grain!

LETZ SHUCK MILL

Here is the feed grinder you should have on your farm!

It not only handles ear corn and small grains, but grinds corn with shuck as well. The amazing capacity of the Letz and its sturdy construction, insuring long service, have made it extremely popular with stock feeders everywhere.

With the No. 210 Letz you can grind from 75 to 100 bushels of snapped corn per hour — pulverizing shuck and all into palatable, easily-digested feeds.

The No. 220 Letz, big brother to the No. 210, will grind a wagon load of 26 bushels in 12 to 20 minutes! The No. 220 is built oversize throughout in keeping with its bigger capacity.

All wearing parts on Letz Mills are built to give unfailing service for years. Plates are self-sharpening and self-aligning.

We honestly believe that the Letz No. 210 and No. 220 are the best shuck mills on the market today. Users find that they quickly pay for themselves in the greater feeding value of the ground feed.

Come in and take a look at the Letz Shuck Mills next time you're in town.
